

OVER YOU

By John Lipinski

I just can't get over you, can't seem to leave you behind
Doesn't matter what I try to do, your presence won't leave my mind
I've tried, yes, I've tried, it's true, to let you go your way
Cuz, you don't love me, the way I love you, it's time I should go away

You never cheated on me, you were always alone
You never lied to me, but you never led me on
You never promised some day, never wanted to string me along
You never asked me to stay, and you never did me wrong

I just can't get over you, my heart just won't let you go
No matter what I try to do, my feelings still show
Ev'ry time you come in view, you're a sight for sore eyes
But, you don't love me, the way I love you, now I'm not surprised

You didn't feel the same, when I gave up my heart
You were never unkind, when I came apart
You didn't want a lover, it never entered your mind
And when you called me brother, I lost the love, I'll never find

I just can't get over you, I need to leave it behind
You're not the only one who, love-tortured my mind
Now I'm tryin', I'm tryin', it's true, on my knees I do pray
Cuz, you don't love me, the way I love you, but I won't beg you to stay
