I understand Community Health Services clinic operates on a limited availability basis. It is not possible for volunteer physicians or staff to be available 24 hours a day, seven days a week. Should I have an emergency after office hours, <u>I will dial 911 or go to the nearest emergency room</u>. If I need non-emergency care when the clinic is closed, I will seek alternative health care options such as a local urgent care center.

Policy: Admissions Eligibility

By CHSUC's Mission Statements, it is clear that the purpose of this clinic is to serve the needs of those individuals who, by virtue of their financial status, are unable to provide for primary health care for themselves and/or their families. The Clinic's service area is limited to those individuals living in Union or Anson Counties.

Eligibility Standards

The CHSUC Eligibility Review Committee is comprised of volunteers, the Executive Director, and Medical Director. A yearly review will be performed to determine continued eligibility. The clinic will not serve those who have private or governmental insurance coverage nor those with annual incomes exceeding financial guidelines, set by the clinic. CHSUC reserves the right to refuse services to any potential patient who requires a level of care that exceeds the capability of the Clinic. During eligibility screenings an assessment will be made to determine if the individual qualifies for care. Upon determination, the individual will be so advised. If not eligible, the reason for denial will be documented on their application and their application will be filed for one year. The potential patient can re-apply every six months.

Procedure

When a patient arrives at the Clinic, they will be met by a staff member who will welcome them and have them sign in. If the patient has been seen at the Clinic in the *past*, the staff will obtain their file and update the registration data.

Physician Assignment Policy

A patient who has called for an appointment is to be scheduled to see a healthcare provider, based on the patient's need and the availability of a healthcare provider. If a patient is returning to the Clinic, they will see the same provider, when possible, based on availability.

Non-Discrimination Policy

Community Health Services of Union County shall operate in a manner that does not unlawfully discriminate against people on the basis of race, color, national origin, religion, sex, age, sexual orientation (including gender identity and expression), marital status, disability, veteran status, or any other basis prohibited by federal, state, or local law.

Eligibility criteria for Free Clinic and Education Programs are exclusive to the following:

- Applicants must have no insurance of any kind
- Applicants must be 18-64 years of age
- Applicants must not have gestational diabetes
- Maternity patients are referred to Health Dept.
- Applicants must be Union or Anson County, NC Residents
- Applicants must have no primary care physician

PATIENT'S RIGHTS STATEMENT

CHSUC respects your rights as a patient and recognizes that you are an individual with unique healthcare needs. Because of the importance of respecting each patient's personal dignity, CHSUC provides considerate, respectful care focused upon individual needs.

Current information regarding your diagnosis, treatment, and possible outcomes may be obtained from your physician or nurse.

The patient has the right to refuse treatment to the extent permitted by law and to be informed of the medical consequences of his /her action(s).

Privacy and confidentiality are to be maintained at all times. Information about your condition is to be available only to those who are directly involved in your day-to-day care. If your visit is not the result of a public record accident or injury, you may prohibit information from being released to the public about your condition or your presence here. Any communication or record related to your care is to be treated as confidential, unless the law requires its release as in suspected abuse or public health hazards cases.

You have the right to review the records pertaining to your medical care.

If you have any concerns about your care at CHSUC, the Executive Director is available to assist you. Your care, or that of your family member is not to be negatively affected as a result of making a complaint.

Your personal safety is of the utmost importance to us. CHSUC maintains this through our clinic practices and environmental surroundings.

Whenever possible, decisions should be made at the level closest to the patient, i.e., between the patient and the physician, or between the legal guardian or legal advocate of an incapacitated or otherwise legally incompetent patient and the physician.

The patient may choose to delegate responsibility for treatment decisions. Although the decision for treatment has been delegated, medical treatment should remain consistent with the views of the patient. All members of the healthcare team should be alert to signs that the patient does not understand clearly what is involved and bring this to the physician's attention. It may be advisable to obtain consultation from other healthcare professionals, translators or significant others sanctioned by the patient.

Information should be shared to allow the patient to participate in decisions about his or her care. The process should include:

- Providing information on the patient's condition.
- Recommending procedure and/or treatment with its significant benefits and risks.
- Significant alternatives for care or treatment (including no specific treatment).
- Likely duration of incapacitation, if any.
- If the patient chooses a course of treatment that is not acceptable to the attending physician or other healthcare professionals, those health care providers may withdraw from the case as long as responsibility for medical care of the patient is transferred to the care of an alternative physician, or an appropriate referral is made.
- If the patient decides to refuse all treatment or chooses a course of treatment not acceptable to the attending physician, thorough documentation of the decision should be placed in the patient's file.
- If the patient decides to refuse all treatment, the patient or surrogate should be informed of the possible medical consequences of his/her action.
- The physicians document the patient's choice to refuse treatment in the patient's progress notes. <u>The patient is to be asked to sign and date the Against Medical Advice Form.</u>

Consent to Obtain Medication History

Our medical practice has adopted an electronic medical record system in order to improve the quality of our services. This system also allows us to collect and review your "medication history." A medication history is a list of prescription medicines that we or other doctors have recently prescribed for you.

An accurate medication history is very important to helping us treat you properly and in avoiding potentially dangerous drug interactions.

By signing this consent form you give us permission to collect, and give your pharmacy permission to disclose information about your prescriptions that have been filled at any pharmacy. This includes prescription medicines to treat AIDS/HIV and medicines used to treat mental health conditions, such as depression. This information will become part of your medical record.

The medication history is a useful guide, but it may not be completely accurate. Your medication history might not include over the counter medicines, supplements or herbal remedies. It is still very important for us to take the time to discuss everything you are taking, and for you to point out to us any errors in your medication history.

I give permission for you to obtain my medication history from my pharmacy.

Community Health Services (CHSUC) No Show Policy

Community Health Services of Union County is an organization operated by staff and community volunteers, who are committed to providing healthcare to uninsured adult residents in Union and Anson Counties. As a private organization, we have created guidelines you need to understand and agree upon to ensure a mutually respectful relationship.

(Please "initial" after each point you read and agree to):

1) I will call to notify CHSUC, 24 hours before my appointment time, if I am unable to attend my scheduled appointment so that this time allotted to me may be used to see someone else in need.

2) I will keep (and be on time) for all my scheduled appointments with my medical provider and other members of my treatment team. I understand that I will be dismissed as a patient if I have three (3) "Unexcused No Shows" within a year.

3) I understand that CHSUC will discharge me as a patient if I miss or "Do Not Show" for three (3) scheduled appointments within a year.

4) I understand that appointment scheduling is based on availability of providers, and there may be delays and occasional need for re-scheduling as well as changes in who I see._____

5) I agree to update CHSUC immediately if there are any changes in: phone number(s), address, employment information, income changes or if I obtain medical insurance.

6) I understand I will be "immediately" discharged from CHSUC if I am unable to follow these guidelines or I am rude in any way to the staff, healthcare providers or volunteers.____

Patient's signature

On behalf of all our volunteers and staff, we are truly glad to assist you with your healthcare needs. We hope you find us all to be caring professionals. Please inform anyone without health insurance of our availability and desire to serve uninsured, adult residents in Union and Anson Counties.
