*Summer 2022*

Dear Community Partner:

Outreach is critical in serving people who are members of disadvantaged and under-privileged populations. Accessing services can be complicated by geographic isolation, language barriers, cultural intolerance, disability, and/or lack of social support. The **AAIM For CommUNITY** event will work to address these issues and will give victims and families hope that there is help available and people do care. Serving diverse populations could include meeting specific needs for low-income families, people of color, individuals living in rural areas, immigrants, individuals with cognitive or physical disabilities. Working to change a person's environment will shape their healing and provide them the tools needed to help heal and build trust.

The AAIM for CommUNITY event will bring community coalitions and like-minded agencies from the Chicago Metropolitan Area together to provide information on social services available to the public. The goal of this event is to reach out to individuals and families in need of community support. This event is open to the public and free of charge.

The AAIM For CommUNITY Event is **June 22, 2022, from 12:00 PM – 4:00 PM at Richard J. Daley Center, 50 West Washington Street, Chicago, IL 60602.**
