I want to thank Mid-Michigan Motorcyclist for having us at 2019 PigFest, we had a good time and sold some raffle tickets and memberships.

Michigan Legislators pass the auto insurance bills and the senate and house are now working to meld to two together. However it turns out it doesn't look good for bikers, ABATE is trying to get some good into the bill to protect bikers.

ABATE board is working on a distracted drivers bill and would like members to contact their legislators to help stop distracted driver death. Most every time I go out on road there is some dumb shit coming at me on my side of the road and am getting pissed about it. Anybody else have this problem?

MRF reports that Michigan is in the top ten for letters sent to legislators in support of a anti profiling bill but we have only one cosponsor. We need to write more letters or call. Don't forget the freedom rally at the Capital next month and I hope to see everybody at the Field Meet.
