Fiberglass

**YW#:**

80009-0

**Current Price:**

US\$ 2,395,000

End: Other videos

## ***A Blend of European Sophistication, Modern Technology and Northwest Sensibility***

"Suzie-n-Me" is a beautiful Regency P63 built by New Ocean Yachts. Regency Yachts are built for discerning owners by Jeff Chen and Naval Architect Jason Kao of New Ocean Yachts, whom between them have over 60+ years in the yacht building industry. They along with their master craftsmen have built a stellar reputation for producing finely handcrafted quality ocean capable yachts.

The P63 is an evolution of our original Regency Motor-Yacht series designed by renowned Naval Architect Howard Apollonio. With updates to its stylish exterior

and interior deck arrangements we have created a offshore capable yacht with a sumptuous interior and an exterior deck plan that offers three separate areas where friends and family can gather or just relax and enjoy themselves. We even installed a foredeck settee with table and umbrella.

This is a great opportunity to own a "lightly cruised" yacht that comes with a new yacht warranty.

## **Additional Specs, Equipment and Information:**

## **Regency Overview**

"Suzie-n-Me" like all Regency Yachts are built to offer a living experience that rivals a custom luxury home. The deck plans have been painstakingly laid out to maximize comfort, privacy and functionality.

This 2017 Regency P63 MY offers an owner inspired interior that was designed to create a comfortable living environment. The spaces are bright and open with sensible fabrics for day-to-day living and light wall finishes that complement the cherry cabinetry.

Premiere Yachts working in conjunction with New Ocean Yachts and our clients have created what we believe is a yacht with a blend European Sophistication and Northwest Sensibility, which means a beautifully styled yacht that is designed to cruise the coastal waters of the Pacific NW.

The Regency P63 truly is a marriage of fine craftsmanship and superior naval engineering. Designed originally by naval architect Howard Apollonio and updated by Naval architect Jason Kao of New Ocean Yachts. Jason Kao working along side Jeff Chen whom have a combined 60 years of yacht building experience, the Regency P63 is setting new standards for luxury yachts. Many of the improvements we made are subtle, by rethinking the most basic components, we make owning and operating a large yacht much more enjoyable.

Call Premiere Yachts for additional information and to discuss this "lightly cruised P63" or possibility of building a new Regency P63 MY for you and your family.

## **Accommodations Highlights**

The P63 offers a contemporary interior design with a choice of handcrafted hardwoods in either a high gloss or satin finish along with ultra-leather panels, wall coverings, unique art pieces and custom furniture to create sumptuous, elegant and comfortable spaces where family and friends will want to gather and socialize.

Accommodations will include the following:

- Open concept salon, pilothouse and aft deck that creates a wonderful socializing opportunity while providing exceptional visibility from the pilothouse both forward and aft when operating the motor-yacht. The walls are adorned in handcrafted cherry with custom designed soft

- panels while lighting is provided by variable intensity LED lights.
- Galley: The smartly designed galley features quality GE & SubZero appliances, with granite countertops with exceptional storage for pots-n-pans, dry goods and dishware.
  - Master stateroom: The full beam master suite offers a queen size island bed with a contemporary bath with granite counter tops, heated floor and a large spa shower. Features also include large port & starboard rectangular port lights, entertainment system, a Walk-in clothes locker with a safe, abundant drawer & cabinet storage.
  - Guest stateroom: Features include side-by-side twin beds with custom bedding, the beds slide together to create a double berth. TV entertainment system, Air-conditioning, Diesel heat, hardwood floors and a skylight to provide natural light.
  - VIP stateroom: Features include a queen island bed, ensuite access to the guest head, clothes locker, drawer storage, Air & Diesel heat, Stereo/DVD system and a TV entertainment system.
  - Guest head: Granite topped vanity with modern sink & faucet, heated Granite floor, Techma toilet and large stall shower.
  - Throughout the yacht you will see exquisite furnishings, unique design features & European inspired fixtures, generous spaces and a custom décor that is unique to each Regency. We do not build any two yacht interiors alike, each interior is custom designed "for & with" the client.

### **Galley, Salon Beverage Center & Flybridge Bar**

The P63's Galley was designed with a chef in mind, a space where two people can prepare gourmet meals together, it features Granite counters, hardwood flooring, a side table with granite countertop & additional Subzero refrigeration/freezer drawers and a large forward facing dining settee that can seat 6 adults.
