

Tech/Nurse needed at privately-owned small animal hospital in Watkinsville, GA!

Looking for a registered/certified veterinary technician (or someone currently in school) to join our team! Any experience level may apply, but prefer some experience. We are a privately-owned, small animal exclusive hospital in Watkinsville, Georgia. We strive on building personal relationships between our staff and clients. We are privately owned, so there is flexibility in hours, vacations, and continuing education. Health insurance benefits are available. Compensation is competitive. We are a fast growing 1.5 doctor hospital with an emphasis on surgery, dentistry, medicine, and preventative care. We have brand a brand new digital x-ray machine, dental machine, and in-house labs. We are paper-light and utilize Avimark. We need someone that wants to be a team player. Leadership skills would be great bonus.
