

CITY OF NEWTON ITEP MEETING  
May 4, 2016 10:00 A.M.

ATTENDEES:

Lee Bekcman	Milano & Grunloh Engineers, LLC
Gene Beccue	IDOT
Ken Larimore	City of Newton
Mark Bolander	City of Newton
Larry Brooks	City of Newton
Robert Reisner	City of Newton
Melissa Brooks	City of Newton

IDOT is accepting applications for ITEP grants from May 2 – June 17<sup>th</sup>.

The City of Newton is planning to submit an ITEP application and is evaluating which project would have the best chance at being funded.

The 3 alternatives consist of running of the old railroad right of way north and then to the west side of Samm Parr State Park, starting at the east end of the last project and extending east and north to the south side of Samm Parr State Park, or along the south side of the Embarras River from the bridge from the last project east to the Aquatec Center.

After much discussion, the choice was the trail along the south side of the Embarras. After adjourning, Lee, Mark, Ken, Gene, Larry and Robert went to look at the project area.
