**Course** Quail Brook - Blues (69.3 /128)  
**Weather** Overcast and drizzle

The day started out somewhat bleak and overcast, with sporadic drizzles. Temps were in the high 60's, but the day got nicer on the back nine. Dan Price plays a consistent and steady 68 to capture 1st place, 5 shots ahead of FT, DGA. There existed some confusion with scorecards, as the copy from the internet differed on four holes as compared to the scorecards obtained from the course (recently dated 5/2019). The consensus of those playing went with the standard course scorecards over the internet version, which appeared to be out-of-date. On the "Oh No!" side of things, LT and FT decided NOT to play their PQR, but would have had a decent score of 64 had they played.
