

RAPTURE DATE DREAM?

The purpose of this illustration is to share a 'Dream' or 'Vision' one had about a number, 723. As a disclaimer, one is not a Prophet or 'A Son of a Prophet'. In fact, one does not take stock in 'Dreams' as such until one had a Near Death Experience. One usually does not remember any Dream details, but glimpses here and there as a Flashback perhaps. For what it is worth concerning the many speculated timelines of the Rapture event, about 2 weeks ago from the writing of this essay, one did have a Dream. A 'Flashback' from it was remembered and it had to do with a Number that 'flashed' across a screen or a canvas it seemed. But then one 'forgot' about it or did not pay attention to it. Then about 2 days thereafter, one was again reminded of it as it had exactly appeared as a part of the Dream and/or Vision. So, a reminder occurred about a number, in particular as to say, 'to pay attention'. This is really the only reason why one is sharing it then. So, perhaps it could be of some prophetic significance? The number 723 'flashed' across a white pane background in black ink as if a Painter made a swoosh with a brush across the White Canvas. Not sure what it might mean. Is it a date perhaps? The obvious correlation would be 7-23 as in July 23rd. It would workout with the '7-day' factor to make it July 30 then. (23 + 7 = 30) Many Students of End Times also suggest a 7-day waiting period or countdown as it occurred with Noah. It is rather Interesting. There was nothing else that came with the Flashback of the Number 723 and no hint or info/intel was given about it or ever since.

TU B'AV MINOR FEAST

One is not saying the Rapture will be on that day, probably not. But could be a significant day in some form or way for sure. It could be a particular Spiritual Milestone on the other side or a prelude perhaps that will manifest on that day. It will remain to be seen. But for the 'Summer Wheat Harvest Zone' in 2021, one still has that 1st Week in August to consider of a possible timing. But one and others do sense the 'Overtime' is occurring now, which is exciting what Jesus will do.

One then did share this 'Flashback' with the Revelation 12 Daily Blog as perhaps some may have more information on it or insight into 'Dreams' and/or Visions. Cristina from the Blog mentioned that July 24th happens to be Tu B'Av. It actually starts the day prior on the 23rd at Sunset. So, this is exciting as one should have researched what the Jewish Rabbinical Calendar would have correlated to July 23 (723). Tu B'Av is a prophetic type of the Rapture.
