

**F**rom Jack Nicholson to Heidi Fleiss, Rod Stewart to Sylvester Stallone, take an intimate behind-the-scenes look at Hollywood's users and abusers that will irrevocably alter your perception of what it is like to be famous. This true story of sexual obsession and deviancy makes *The Story of O*, *Lady Chatterley's Lover* and *Emmanuel* read like nursery rhymes.

As hot as it is heartbreaking, *You'll Never Make Love in This Town Again* reveals how unknowing young girls can end up servicing rock stars, engaging in orgies or experimenting in lesbian trysts with the likes of Vanna White just to earn money to survive. You will be shocked to read about the drug habits, bizarre sexual proclivities and intense carnal demands of some of America's favorite icons. As you witness this horrifying, sin-filled world through the eyes of the remorseful women whose lives were devastated by it, you will understand that their candor is a positive step toward rebuilding their lives.

*You'll Never Eat Lunch in This Town Again* exposed the business truths of Hollywood; *You'll Never Make Love in This Town Again* exposes another side of the industry—equally insidious, twice as intriguing and thrice as erotic.

An introduction by Joanne Parrent and a preface by Lois Lee, Founder of Children of the Night, offer valuable insight into how women often unknowingly tumble into the pitfall of prostitution.

**I**f one woman told the truth, the world would split open—so four can definitely split open Hollywood. That's exactly what happens in *You'll Never Make Love in This Town Again*. This book also explains why women-hating movies are foisted on the world. Women-hating men are making them.
