August Event Recap: Digital Archive

At the beginning of 2025, when the CHCRNA board transitioned, we received several boxes of physical files—newsletters, meeting minutes, flyers, and other materials documenting the happenings of our neighborhood for the past 15+ years. It's a treasure trove of community history that we are fortunate to have, and now it's time to organize and preserve it!

We hosted an archive day at the Windsor Park Library to organize and digitize the materials we have. It was exciting to look through some of the documents and newsletters that make up the history of our association! We managed to make great progress getting things scanned, and are now working on getting the files properly named and filed so that we can make them accessible to all neighbors.

A FRIENDLY REMINDER FOR PET OWNERS 🐾

We've heard from a few neighbors about dogs being walked into private yards. Please remember to respect your neighbors' space — many of us have intentional pet-free areas, gardens, or pets of our own we're trying to keep safe.

To keep our neighborhood welcoming for everyone:

- Always keep dogs on a leash.
- Stay on sidewalks or public areas — please don't allow pets to wander deep into someone else's yard.
- Pick up after your pet every time.

A little mindfulness goes a long way in keeping our community clean, safe, and friendly for both people and pets.
