SJ-100 Paper Jogger

Shark Finishing Machinery introduces to its line of Smart print finishing equipment the SJ-100 Paper Jogger. This jogger is easy to use, compact in size and requires only minimal maintenance. We recommend using the SJ-100 before printing, collating, binding and cutting to significantly reduce double feed. This machine has a unique adjustable front load tray with both air and vibrate functions. It can easily accommodate 13 x 19" stock and is built heavy duty with a tray capacity of up to 4 inches thick.
