Health and Safety Plan Summary: Clarion County Career Center

Anticipated Launch Date: July 21, 2020. This is to be considered a working document. This document is subject to change based upon new guidance from PDE and guidelines from DOH and CDC.

Use these summary tables to provide your local education community with a detailed overview of your Health and Safety Plan. LEAs are required to post this summary on their website. To complete the summary, copy and paste the domain summaries from the Health and Safety Plan tables above.

Facilities Cleaning, Sanitizing, Disinfecting and Ventilation

Requirement(s) * Cleaning, sanitizing, disinfecting, and ventilating learning spaces, surfaces, and any other areas used by students (i.e., restrooms, drinking fountains, hallways, and transportation)

Strategies, Policies and Procedures

Clean and disinfect frequently touched surfaces (e.g. door handles, sink handles, bathroom fixtures, light switches, grab bars) daily with night cleaning and between sessions by maintenance. In between sessions, instructional staff will be responsible for cleaning the frequently touched areas of their classroom (e.g. keyboards, technology devices, student/instructor desks). Drinking fountains will be converted to water-fill stations. Office staff will disinfect the Hall Pass system and high touch areas between sessions. Maintenance will disinfect these areas daily with the night cleaning. The Career Center does not provide transportation to the school. In regards to the Career Center van, disinfectant wipes will be provided and used by the driver to clean the van upon students leaving. Maintenance will be responsible for checking all classroom ventilation systems to ensure they are operating properly prior to the beginning of school. Inside classroom doors will be left open to the discretion of the instructor based on the lesson or needs for the day based on student safety. In green, additionally, the Cosmetology salon will follow PA Department of State guidelines as follows: disinfect door handles every 30 minutes, removal of magazines in waiting area, disinfect service chairs, headrest, shampoo bowls, handles on tools and mirrors between each client use.

Requirement(s)	Strategies, Policies and Procedures	

Social Distancing and Other Safety Protocols

Requirement(s)

* Classroom/learning space occupancy that allows for 6 feet of separation among students and staff throughout the day, to the maximum extent feasible

* Postricting the use of cafetories and other congregate

* Restricting the use of cafeterias and other congregate settings, and serving meals in alternate settings such as classrooms

Strategies, Policies and Procedures

If blended instruction occurs during this phase, there will be strict six-foot social distancing for instructional practices. The only hands-on skills that will not require the six-foot spacing will be practiced and assigned. Instructors must configure classrooms to allow for social distancing (e.g., tape mark of floor, signs, and desks facing in one direction). Desk partitions/plexiglass will be used as needed when a six-foot distance cannot be maintained and a student or staff member is unable to wear a mask. In green, same as in yellow, but hands-on skills that require less than a six-foot distance are now permitted. Masks are required for instructional staff and students for these skills. The only exception for not wearing mask will be for medical reasons.

While there is no cafeteria at the school, Friday is used as a café day when students may go to Culinary for food items. One classroom will be dismissed at a time and social distancing of students will be strictly enforced both in the kitchen and hallway. All Instructional Staff and students will wear masks when cooking serving, or ordering. One Culinary student will be assigned to distribute condiments, silverware, and drinks. The kitchen and cooking area will be disinfected after each session. Hand sanitizer will be provided upon entering and leaving the Culinary Arts area for student and staff use. The cashier will hand sanitize between each cash transaction. An evaluation will be taken to find the best area

Requirement(s)	Strategies, Policies and Procedures
* Hygiene practices for students and staff including the manner and frequency of hand-washing and other best practices	for the check-out register. Students will return to their respective classrooms to eat following social distancing protocols. Students will be reminded to perform hand hygiene after eating. Upon entering school, leaving school, and any classroom transitions (e.g. nurse, bathroom, office, shop classroom, Student Services, Coop), hand sanitizing or washing will occur. If communal items (i.e., tools, equipment) must be shared, hand hygiene will occur before and after student uses. Students will be educated to practice the twenty-second rule for proper hand washing/sanitizing procedure. Hand washing will occur after coughing and sneezing, in addition to proper coughing technique of coughing into the crook of the arm will be taught. Hand sanitizers are located in classrooms, hallways and in offices. Hand hygiene signs are located throughout the building.
* Posting signs, in highly visible locations, that promote everyday protective measures, and how to stop the spread of germs	Signs will be posted at the entrances, in the hallways, bathrooms, classrooms, office area, foyer and any other high traffic area. These signs will include hand washing, hand sanitizing, proper mask wearing, social distancing, coughing and sneezing, signs and symptoms of Covid-19, disinfection and Café protocols. In the green phase, the Cosmetology salon will follow the PA Department of State guidelines. These guidelines will be posted at the check in counter and throughout the salon
* Handling sporting activities consistent with the <u>CDC</u> <u>Considerations for Youth Sports</u> for recess and physical education classes	The only program that has a physical education component is Police Science. There will be no PE in the yellow phase. In the green phase, Police Science students and staff will disinfect physical education equipment between each student use. There will be no PE activity involving physical contact or shared equipment (i.e., football, basketball, frisbee).

Requirement(s) Limiting the sharing of materials among students	Strategies, Policies and Procedures As possible, tools and equipment will not be shared between students. All attempts will be made to assign equipment to one student per day. Students will be instructed to wash hands/use hand sanitizer before and after using a shared item. Shared items will be disinfected by instructional staff or maintenance between sessions and at the end of the school day.
Staggering the use of communal spaces and hallways Adjusting transportation schedules and practices to create social distance between students	Dismissal will be done by shop from opposite areas of the school versus by school. Friday Cafe days in Culinary will be scheduled one shop at a time. Students will be assigned times to use the locker rooms in a manner that will limit the number of students and allow for social distancing
Limiting the number of individuals in classrooms and other	The Career Center does not provide transportation to and from the school. In the event of an unexpected need to transport a student(s) in the school van, van capacity will be limited to ensure six-foot social distancing. Masks will be worn by staff and students in the van, unless a medical condition
learning spaces, and interactions between groups of students	exists. Students are with the same Instructional Staff at all times during the day. All non-essential visitors will not be allowed in the building. When possible, virtual meetings will be conducted with outside speakers and resources. Classroom instruction in all learning spaces is to be based on student level's/total student numbers at a level to maintain proper social distancing. This would limit the number of students in any classroom or shop area at one time. Students will be assigned to an area for completing projects and skills for
	hands-on work/instruction. Social distancing of six-feet needs to be adhered to during class and skill demonstrations. Instructors will arrange classrooms and shops in a manner that meets the social distancing rules. Shops will not be combined for instruction. The Cosmetology Salon will not be

open in the yellow phase.

Requirement(s)	Strategies, Policies and Procedures
	In the green phase, students are with the same Instructional Staff at all times during the day. All non-essential visitors will not be allowed in the building. When possible, virtual meetings will be conducted with outside speakers and resources. Classroom instruction in all learning spaces is to be based on student level's/total student numbers at a level to maintain proper social distancing. This would limit the number of students in any classroom or shop area at one time. Hands-on skills that less than a six-foot distance will be permitted. Instructors and students must wear a mask unless
	there is a medical reason for not wearing one.
	Instructors will arrange classrooms and shops in a manner that meets the social distancing rules.
	Cosmetology will follow guidelines set by PA Department of State which includes salon capacity of 50% (students, instructional staff and clients) and only permitting the clients to be in the salon
Coordinating with local childcare regarding on site care, transportation protocol changes and, when possible, revised hours of operation or modified school-year calendars	NA
Other social distancing and safety practices	
	In yellow, instructors will seek out possible virtual tours for students. Meetings will be held virtually. In green, meetings were a six-foot distance cannot be maintained will be held virtually.

Requirement(s) Strategies, Policies and Procedures	

Monitoring Student and Staff Health

* Monitoring students and staff for symptoms and history of exposure Staff – Sta signs and positive Commember we exposure staff members with breath, or person will will also be and exposure.

Strategies, Policies and Procedures

Staff – Staff will be provided with documents to educate on the signs and symptoms of COVID-19, exposure to probable and positive COVID-19, and staying home when sick. Each staff member will be asked a list of COVID-19 symptoms and exposure questions each day which will be documented by the staff member. Any staff member with a fever, shortness of breath, or exposure to a probable or positive COVID-19 infected person will be not be permitted to remain at the school. Staff will also be asked to self-monitor for symptoms of COVID-19 and exposure before coming to school.

Students – Parents and students will be provided with documents to educate on the signs and symptoms of COVID-19, exposure to probable and positive COVID-19, and staying home when sick. Parents and students will be asked to self-monitor for COVID 19 symptoms and exposure each morning before leaving for school. Students will also be monitored at their sending schools before arriving at the Career Center. Instructional staff at the Career Center will monitor students for signs and symptoms of COVID-19 and instructed to send any student with COVID 19 symptoms or respiratory symptoms to the nurse for evaluation.

Additionally, in the green phase, additionally, clients of the Cosmetology salon will be asked a list of COVID-19 symptoms and exposure questions each day which will be documented by the client. Any client with a fever >100.4, shortness of breath, or exposure to a probable or positive COVID-19 infected person will be not be permitted to remain at the school. The Cosmetology clients will be asked to self-monitor for symptoms of COVID-19 and exposure before coming to the salon and

Requirement(s)	Strategies, Policies and Procedures asked to stay home if sick. Cosmetology instructional staff will monitor clients for symptoms of COVID 19 or respiratory symptoms and will send any client with COVID 19 or respiratory symptoms to the nurse for evaluation.
* Isolating or quarantining students, staff, or visitors if they become sick or demonstrate a history of exposure	Upon a student, staff member or visitor is showing signs of Covid-19 or has been exposed to a probable or positive COVID 19 infected person, the person will be isolated in a private room. The student's parent/guardian will be contacted to transport him/her to a medical facility. If able, a staff member or visitor will transport themselves to a medical facility or a call will be made to his/her emergency contact. An ambulance will be called, as necessary, for severe respiratory symptoms requiring immediate medical attention. The nurse will remain with the patient for continual monitoring until arrangements are made for the person and they leave the school. The room will be disinfected after each use.
* Returning isolated or quarantined staff, students, or visitors to school	A student, staff member or visitor may return to school after fourteen days of isolation that starts from the on-set of symptoms, exposure to someone who has tested positive for Covid-19, or a positive Covid-19 test result. The last three days/72 hours of isolation must be fever free, without the use of a fever reducing medicine, and without Covid-19 symptoms. A student, staff member or visitor who resides in the same home with a positive COVID 19 person(s), and does not become sick with COVID 19, must isolate during that person(s)'s isolation and for fourteen days after the last positive person in the home finishes his/her isolation. In this scenario, the same rule regarding when the person may return to school applies. Employees who have tested positive for COVID 19 will be required to provide a physician's release/return to work. DOH and CDC guidelines will be followed related to returning to school after isolation or quarantine.

Requirement(s)	Strategies, Policies and Procedures
Notifying staff, families, and the public of school closures and within-school- year changes in safety protocols	There will be a one-call notice as well as information being posted on the school webpage, social media site, and a letter to parents.
	Staff will be notified of changes to the safety protocols and school operations as they occur via staff meetings, Zoom, telephone, or email.
	A visitor COVID 19 Education flyer is also available as needed.

Other Considerations for Students and Staff

Requirement(s)	Strategies, Policies and Procedures
* Protecting students and staff at higher risk for severe illness	For students who are at higher risk for a severe illness and cannot attend school or choose not to attend due to being vulnerable, there will be an on-line curriculum component available for the student to stay current in his/her classwork. Instructors will be required to communicate with these students at a minimum of twice per week to monitor progress, to answer questions, and to provide additional educational support/instruction. Education plans will be reviewed and updated as needed. If a student comes to school and is a higher risk for a severe illness, the parent/guardian or student may request that the instructional staff wear a mask during instruction unless contraindicated for a medical reason, a face shield or to utilize a plexiglass screen.

* Use of face coverings (masks or face shields) by all staff At all times, all staff will wear a face covering/mask, unless a medical condition does not permit it. Staff will be provided two reusable face masks. Face coverings may include masks (disposable or reusable), face shields, gators, or bandanas as long as the nose and mouth are covered. Signs are posted on the proper use of face coverings. Face masks breaks will be provided as needed throughout the am and pm sessions. In green phase, all staff will wear a face covering/mask when common areas and if within the six-foot social distancing space unless a medical condition does not permit it. Staff will be provided two reusable), face shields, gators, or bandanas as long as the nose and mouth are covered. Signs are posted on the proper use of face coverings. Face masks breaks will be provided as needed throughout the am and pm sessions. Per PA Department of State guidelines for Cosmetology, instructional staff and clients will wear face masks during all salon services. Eye protection/goggles must be worn during shampooing hair. * Use of face coverings (masks or face shields) by older students (as appropriate) * Use of face coverings (masks or face shields) by older students (as appropriate) * Use of face coverings (masks or face shields) by older students (as appropriate) * Use of face coverings (masks or face shields) by older students (as appropriate) * Use of face coverings (masks or face shields) by older students (as appropriate)		
* Use of face coverings (masks or face shields) by older students (as appropriate) * Use of face coverings (masks or face shields) by older students (as appropriate) * Use of face coverings (masks or face shields) by older students (as appropriate) * The provided state of the students will wear a face covering/mask, unless a medical condition does not permit it. Students will be asked to bring a personal face mask/covering to school. If one is not available, it will be provided for the student. A list of students who cannot wear a face coverings may include masks (disposable or reusable), face shields, gators, or bandanas as long as the nos and mouth are covered. Signs are posted on the proper use of face coverings. Face masks breaks will be provided as needed throughout the am and pm sessions.	Requirement(s) * Use of face coverings (masks or face shields) by all staff	medical condition does not permit it. Staff will be provided two reusable face masks. Face coverings may include masks (disposable or reusable), face shields, gators, or bandanas as long as the nose and mouth are covered. Signs are posted on the proper use of face coverings. Face masks breaks will be provided as needed throughout the am and pm sessions. In green phase, all staff will wear a face covering/masks when in common areas and if within the six-foot social distancing space, unless a medical condition does not permit it. Staff will be provided two reusable face masks. Face coverings may include masks (disposable or reusable), face shields, gators, or bandanas as long as the nose and mouth are covered. Signs are posted on the proper use of face coverings. Face masks
students (as appropriate) medical condition does not permit it. Students will be asked to bring a personal face mask/covering to school. If one is not available, it will be provided for the student. A list of students who cannot wear a face covering will be created and provided instructors. Face coverings may include masks (disposable or reusable), face shields, gators, or bandanas as long as the nos and mouth are covered. Signs are posted on the proper use of face coverings. Face masks breaks will be provided as needed throughout the am and pm sessions.		Per PA Department of State guidelines for Cosmetology, instructional staff and clients will wear face masks during all salon services. Eye protection/goggles must be worn during

	Per PA Department of State guidelines, Cosmetology students will wear face masks during all salon services. Eye protection/goggles must be worn during shampooing hair.
Unique safety protocols for students with complex needs or other vulnerable individuals	Students with complex needs/vulnerable individuals will be evaluated on an individual basis and specific plans instituted to ensure they have equal access to educational opportunities. Education plans will be reviewed and updated as needed.
Strategic deployment of staff	List of substitutes available for all programs.

Health and Safety Plan Governing Body Affirmation Statement

The Board of Directors/Trustees for Clarion County Career Center reviewed and approved the Phased School Reopening Health and Safety Plan on June 21, 2020.

The plan was approved by a vote of:
XYes
No
Affirmed on: June 21, 2020
By:
(Signature* of Board President)
Braxton A White
(Print Name of Board President)

Option A: The use of actual signatures is encouraged whenever possible. This method requires that the document be printed, signed, scanned, and then submitted.

Option B: If printing and scanning are not possible, add an electronic signature using the resident Microsoft Office product signature option, which is free to everyone, no installation or purchase needed.

^{*}Electronic signatures on this document are acceptable using one of the two methods detailed below.
