Re: **The 2021 Purge of the Voter Checklist**

August 23, 2021

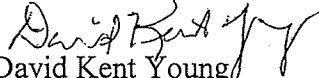

Dear BCA Members,

The results of the purge process of the 2019 Voter Checklist, required by statute, are as follows:

- 1) Dennis Michael Farrell: The first Challenge letter was returned as unable to forward. He will be considered a “challenged voter” and may be removed after the 2024 General Election, unless a response is received.
- 2) Morgan Klein: The first Challenge letter was returned as unable to forward. She had previously been challenged in 2019; therefore, she will continue to be considered a “challenged voter” and may be removed after the 2022 General Election, unless a response is received.
- 3) Morgan Korpi: The first Challenge letter was returned as unable to forward. She will be considered a “challenged voter” and may be removed after the 2024 General Election, unless a response is received.
- 4) Jay Ogle: The Challenge letter was returned as unable to forward. He had previously been challenged in 2019; therefore, he will continue to be considered a “challenged voter” and may be removed after the 2022 General Election, unless a response is received.
- 5) Meghan Young: The first Challenge letter was returned as unable to forward. She had previously been challenged in 2019; therefore, she will continue to be considered a “challenged voter” and may be removed after the 2022 General Election, unless a response is received.
- 6) Jose Manuel Galan: He responded to the first challenge letter as moved from Town and so he was removed from the Voter Check list.
- 7) Bruce Maxwell Sim: He responded to the first challenge letter as moved from Town and so he was removed from the Voter Check list.

Voter Checklist Status:

Eight voters are currently considered as “Challenged” as a result of this Purge and previous actions to this year’s Purge process, six of whom may be removed following the 2022 General Election, and two of whom may be removed following the 2024 General Election, unless they respond accordingly. At this time, Stratton has 231 registered voters.
