Automate

## Getting back to “Business as Usual”

NeedPipe.com have the solutions to get you back to business as usual.

- Realtime temperature checks: < 5 milliseconds
- Facial recognition — with or without masks— and optional integration with your HR systems and ADP Time Tracking
- Integration with Access Control and People Counting systems
- Heat mapping and video systems to determine distancing.
- Hand sanitizers with integrated digital signage
- Data collection for real time analytics, alerting, dashboards, and reporting.

Need Pipe also provide full after sales, support, and managed services
