This class is designed for children with little or no background in Spanish.

Nicholas is a lovable character from the storybook *The Five Crayons*. The children will be learning Spanish in a very engaging way through Nicholas' adventures. He knows how to make his brother feel better. He draws a red fire truck, a green parrot and a yellow lion. What will Nicholas and John do when the pictures come to life?

The class focuses mostly on conversation. However, kids will be exposed to some written words and all kids in the class will also be provided with short and fun written exercises.

The foreign language after-school clubs are taught by Tennessee Language Center (www.tfli.org). With small group sizes, children will receive plenty of individual attention from their highly trained instructor Julia Denison. Students will learn to speak and understand Spanish through storytelling and reading, in real life contexts through the use of games, songs, role-playing, arts, food, video, etc. The teacher employs the Communicative Method, Total Physical Response, Story Telling and Drama, which promote the use of the "Target Language" from the very beginning levels in order to gently immerse students in the language in a natural and practical way. The goal of TLC is to provide the students with the necessary skills to actually use and communicate in the language as soon as possible.
