

Hotel Clock Radio with **soundflow**[™] Wireless Audio and Universal Charging

SOUNDFLOW - A WHOLE NEW WAY TO LISTEN TO MUSIC. NO PAIRING. NO WIRES. NO CONNECTING.

UNIVERSAL CHARGING - CHARGE ANY SMARTPHONE OR TABLET... AT THE SAME TIME.

SOUNDFLOW - THE BEST HOTEL WIRELESS AUDIO SOLUTION

Break from the restraints of *Bluetooth*[®] or *Docks*. With SoundFlow, wireless audio has never been easier for hotels. SoundFlow is universal and works with current and future smartphones. It prevents guests from pairing to a device in other rooms or missing calls or alarms because the speaker volume was turned down. With it's ease of use, SoundFlow also cuts down on tech calls to the front desk. Since it doesn't require a dock, replacement investments are practically eliminated when manufacturers change dock connectors. **SoundFlow... it's the better way for hotels!**

Hotel Clock Radio with SoundFlow™ Wireless Audio and Universal Charging

SoundFlow Wireless Audio

Now you can offer your guests the convenience and simplicity of listening to their smartphone music wirelessly without having to pair or connect a device. SoundFlow Wireless Audio is as simple as pressing play on their smartphone and placing it on the soundmat. **It's just that easy and it works with any smartphone.**

Battery Backup

With "no worry" battery backup, the time setting will be saved and the alarm will sound even when power is lost.

Simple, Intuitive Interface

Simple 1, 2, 3 instructions guide users through alarm setting and music playback.

Volume Limits

Easily set the maximum volume level for each room. No more disturbing other guests.

Security Features

The anti-theft door on bottom panel protects batteries. Time settings and max volume control are hidden on bottom and can't be changed by guests. The unit is security-lock ready for theft prevention.

Universal Charging Station

Charges a smartphone or a tablet or both simultaneously via 2, side-panel USB ports. The AC outlet provides easy access to power when needed.

Sound Performance

High-quality audio for enjoying all genres of music.
