

## EYES LIKE THOSE

*Wanted, by every man alive*

*You'll know what I'm talking about  
as soon, as you look into her lovely eyes  
I could stare into them, until the day I die*

*Wanted, by every man with a dream*

*She's got the loveliest eyes that  
The world has ever seen, and when  
you stare into those eyes, you'll know what i mean*

*Wanted, by every man, who wants a good wife*

*And when you gaze into those eyes  
You'll want to fall in love with her  
until the last day, of your life, oh!*

*Those eyes, how they excite*

*how they suggest*

*Those eyes, how they invite*

*how they say yes*

*Those eyes, like two full moons*

*in a Venusian midnight sky*

*Those eyes, can hypnotize and  
make you believe, any kind of lie*

*I guess that's how it goes, when*

*a man looks into, eyes like those*

*Oh, how beautiful it must be, to see*

*The world, through the eyes of .....*
