

# THE ANGELIC CONFLICT

## OPENING THE FUTURE STAR GATES OF THE EUPHRATES

The purpose of this illustration is to focus on the 'dimensions of the ancient city of Ur in particular to the overall 'Dimensions of Paradise'. The Bible depicts the Garden of Eden to be in the midst of 4 Rivers. This is the place on Earth where the Creator GOD YHWH placed the first 2 humans, Adam and Eve. Due to the Rebellion and Fall of Humanity, mankind has been expelled from Paradise. The Bible states that GOD had to place a flaming Cherub with sword to guard its 'Gate'. Due to the Flood of Noah, the topographical devastation has blurred the boundaries of where Eden was or is. What still remains are clues based on sacred geometry that outline possible boundary markers of where Eden might be. The whole region of the Middle East has a layout with ancient temples and cities that mark these boundaries. Perhaps the sacred knowledge of where Eden has been lost in general but Lucifer and his Fallen demonic angels know where it is as Lucifer was there when he deceived Eve and Adam to join his Angelic Rebellion against YHWH. Perhaps some secret Kabbalistic orders do know the place and location but are not sharing such information. Certain governments and world Leaders have attempted to rebuild such monuments and temples as with Babylon in Iraq, etc., for this very purpose. This has been said to be one of the real reasons the USA invaded Iraq, aside from oil.

### 'STAR GATES'

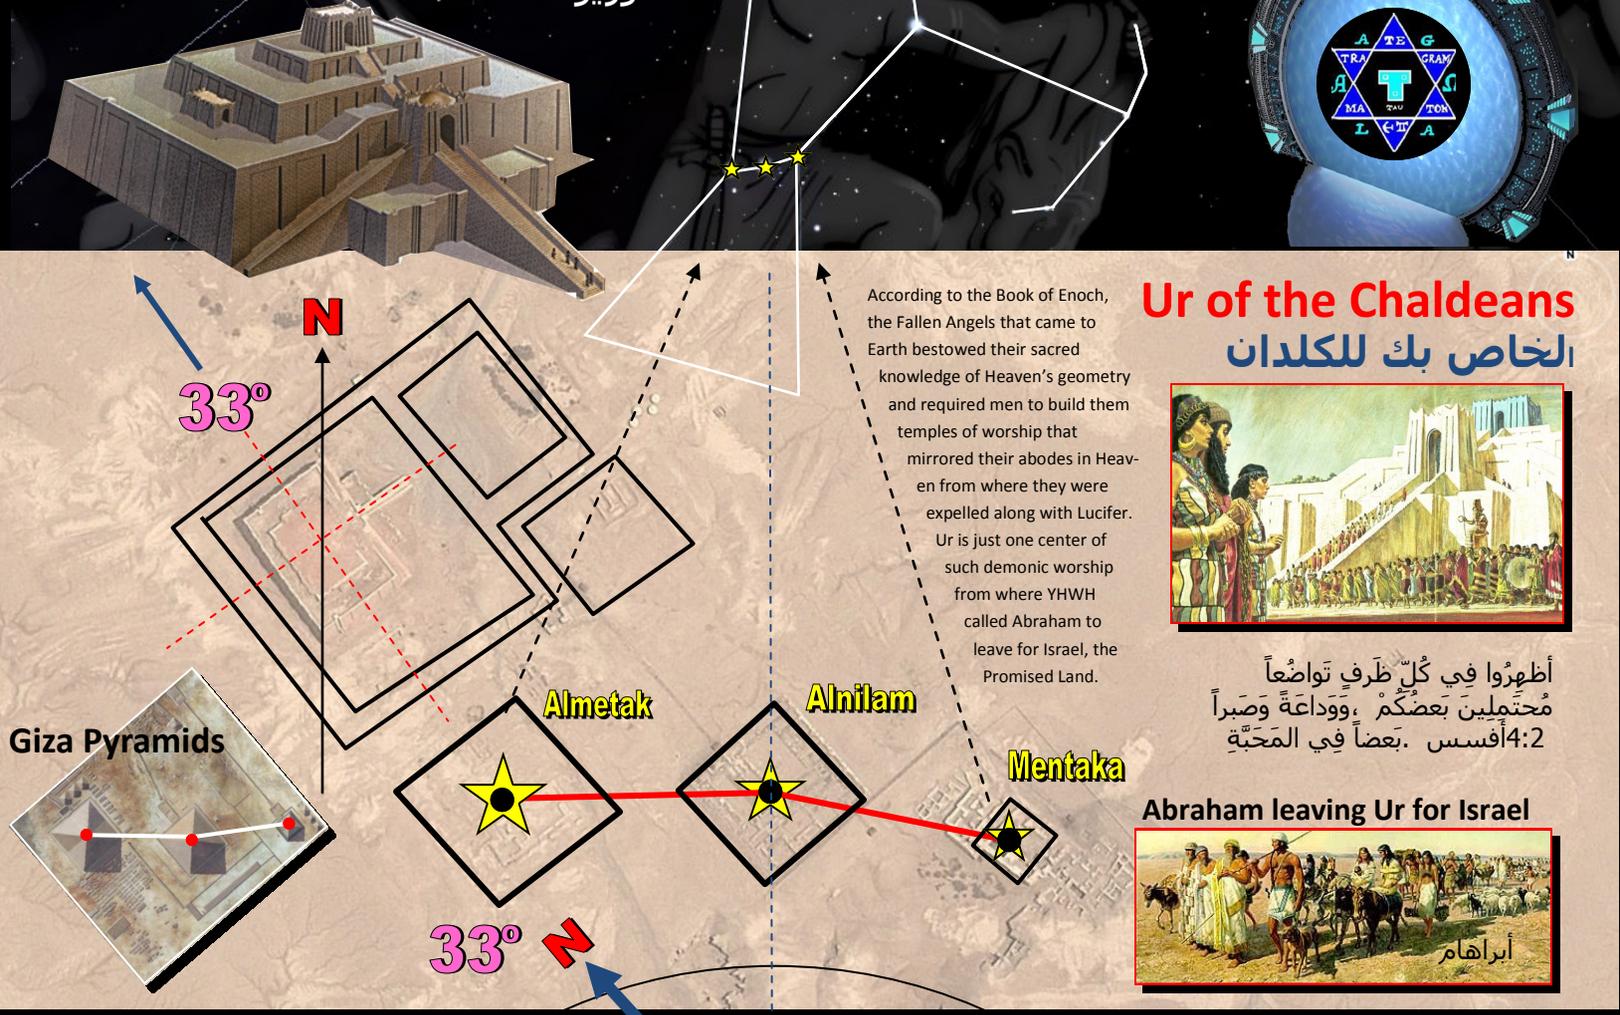

The Bible declares that there are 'gates' or doors that will be open into the spiritual dimension for the purpose of releasing demonic angels that are imprisoned in the Last Days before the Return of Jesus Christ to set up His Eternal Kingdom. Sacred geometry perhaps plays a key role in activating these doors at certain places and times.

### THE CELESTIAL ANGELIC CONFLICT

Ancient Ur of the Chaldeans is just one example of numerous sites around the world that specifically mirror ORION. It is very fascinating to consider the knowledge of Astronomy, Mathematics and Earth's dimensions when such buildings and sites were chosen. A recurring theme and alignment of 33° is incorporated into the direction and layout of the various sites. This degree is considered the number of arch in the Mazzaroth or Zodiac of the Universe where it is believed by some that the Gate of Heaven is located. Also it might be from where the Fallen Angels seek to overthrow the LORD YHWH in the present Angelic Conflict between Lucifer and Jesus Christ for universal dominion and the souls of mankind. It is no surprise that within many military bases all over the world, Black-Ops, experiments, time travel, mind control are being conducted with so called 'Alien' oversight. Such clandestine operations are purported to be occurring in which in some cases the abducting of children and adults is occurring for Satanic ritualistic purposes.

Currently, a military airbase near Nasiriyah, Iraq is at the foot of ancient Ur. It is also known as Tallil Air Base. Until December 2011, the base was used by United States Armed Forces. It is generally known as Camp Adder by the U.S. Army. Such sites are valued for their sacred geometry and ley-lines which mirror the stars and constellations and signs in Heaven. Such geometry functions as 'Star Gates' that cross that intersect the physical and spiritual dimensions.

### THE 4 ANGELS OF EUPHRA- ملائكة الفرات

The Bible in Revelation 9:14 states that there are Angelic Being—Fallen chained spiritually in this area of the Middle East centered around the River Euphrates for the purpose of being released through such 'Gates' to call the nations to war against Israel in the Battle of Armageddon. Nations have fought over such areas as with the USA in the Iraq Wars.
