

REMEMBER:

**Blood clots may be fatal
or may lead to life-long
disabilities.**

**Blood clots can affect
anyone,
and do not discriminate
between age, gender, race,
and ethnicity.**

www.gtfonline.net

An affiliate of North American Thrombosis Forum (NATF, www.natfonline.org), an associate of International Union of Angiology (IUA, www.angiology.org)

30th IUA World Congress
Oct. 13 - 15, 2022
Porto Alegre, Brazil

OUR MISSION:

To spread the awareness of Thrombosis by high school scholars through the use of booths, research, presentations, publications, and proclamations.

**Fighting Blood Clots and Saving Lives
Through Education and Prevention**

AGENDA

October 14, 2022, 4:00 pm - 5:00 pm

Session VIII

GLOBAL THROMBOSIS FORUM

Room 1- Venous

Coordinators:

Eduardo Ramacciotti (SP/BRA),

Jawed Fareed (USA) VIRTUAL

4:00 pm - 4:15 pm

Introducing the Global Thrombosis Forum

Presenters: Arav Bongirwar, Roumika Patil

Mentor: Priya Lokasundaram

4:15 pm - 4:30 pm

ASH Guidelines for prevention of VTE in Latin America

Presenters: Anaya Rege, Malvika Sawant, Roumika Patil

Mentor: Atul Laddu

4:30 pm - 4:45 pm

Vaccine-Induced Immune Thrombotic Thrombocytopenia (VITT)

Presenters: Arav Bongirwar, Sanika Ainchwar,

Shivangi Ranjan

Mentor: Atul Laddu

4:45 pm - 5:00 pm

COVID-19 and stroke

Presenters: Isha Patkar, Radhika Kulkarni

Mentor: Sagar Garud

KNOW THE SYMPTOMS OF THROMBOSIS

- ◆ Discomfort, pain, throbbing, or warmth in the legs
