

Welcome Back!!

Because our world has changed due to covid-19, our dance studio must go through some changes. Our schedule must change because we need time between classes to clean and sterilize. We are asking that anyone entering our premises wear a mask. We ask that social distancing be observed. Parents please wait in your car until you are signaled class is over. No congregating and socializing before or after class. We will be taking temperatures and ask those who have a temperature over 100.4 to not enter our premises. For those who do not feel comfortable attending a class yet, we will offer Zoom online classes until such time one wishes to attend live class. And finally, we ask that you sign and date the release below.
