

**The Island Packet L24e**, all-electric launch with the remote control canopy and 600watts of solar-assist.

This 2016 demo model is well equipped with the Piktronik 6.5kW – 48volt steerable pod drive that allows for excellent maneuverability, tracking and backs down perfectly straight. 800ah of Mastervolt AGM batteries, 2- Mastervolt smart chargers and a Mastervolt DC to DC converter. This launch is full of upgrades; electric flush head, drawer refrigerator, Silvertex cushions (has silver in the material, making it cooler to the touch and mold resistant), 3 sets of stainless steel moveable cup holders, Dishes, cups and cutlery bow compartment, teak and holly Infinity floor mat, Raymarine a68 touchscreen GPS/fish finder with a bronze transducer, Dual marine 4 speaker Bluetooth stereo, freshwater sink, aft shower and comfortable seating for 12. Awlgrip painted hull, with painted gold sheer inlay and cream boot stripes with burgundy antifoul bottom paint...

Here is an interior tour video of a model similar to this launch:
