Paper Filings

December cutoff for paper filings will be at **4:30pm** central time on **Friday, December 20, 2019**. Anything you want reflected on your 2019 Surplus Line or Fire Marshal Tax Statements must be received before this deadline. Any paper filing submissions received after that point will be part of your **January 2020** activity.

EFS Filings

December cutoff for EFS filings will be at **4:30pm** central time on **Sunday, December 22, 2019**. Anything you want reflected on your 2019 Surplus Line or Fire Marshal Tax Statements must be submitted by this deadline.

The EFS will be UNAVAILABLE from that point until we are finished with our year-end closing and system maintenance.

We expect the EFS to be back up around noon on Monday, December 30th. Once the system is back up, the transactions you enter at that time will be part of your **January 2020** activity.
