

Spring Creek Association

- Position Title: Small Engine Mechanic
- Location: Spring Creek Golf Course/Road Maintenance Shop
- Entry Level: No
- Minimum Education: High School Diploma or GED. Prefer certificate from college or technical school. Obtaining a Class B CDL is required within 6 months of employment.
- Job Description: The Equipment manager reports directly to the Senior Equipment Mechanic and/or the Golf Course Superintendent and oversees our maintenance program for our golf carts and golf course mowing equipment. Repairs failing equipment and maintaining the records of parts and labor needed to repair each piece of equipment. Maintaining a clean and safe work facility is a top priority.
- Experience: Minimum 2 years experience in the maintenance and repair of specialized golf course equipment and record keeping of equipment service and repairs. Knowledge of safety practices and procedures. Experience in heavy duty diesel mechanics. An equivalent combination of education, experience, and training that demonstrates aptitude and required knowledge may be considered.
- Special Abilities: Ability to repetitively lift upwards of 60 pounds. Some welding and fabrication may be required at times. Ability to establish and maintain effective working relationships with the Senior Mechanic, Golf Course Superintendent and other employees. Communicate effectively in both written and oral form, problem solve, and take initiative without direct supervision. Skill in usage and upkeep of tools and equipment related to maintenance and repairs of golf course mowing equipment. **THIS POSITION REQUIRES YOU TO FURNISH YOUR OWN BASIC TOOLS.**
- Salary: \$15-\$20 per hour DOE. This is a full time position that has a competitive medical, dental and vision coverage, 401K, and complimentary golf.

Spring Creek Association is searching for a strong candidate for our golf course equipment manager that can also, on occasion, assist our Senior Mechanic in the maintenance and repair of our heavy-duty road maintenance equipment and assist in snow removal and other jobs within our Road Department.
