

Jenni Dabelstein
BPhy, MHSc, MBA, APAM

**Physiotherapist, Seating &
Equipment Consultant**

Throughout three decades of work experience in both Australia and the USA, Jenni has worked extensively within the disability sector as a clinician, researcher, vendor, business operator, educator and consultant. An assistive technology specialist with a focus on biomechanics, complex seating and wheeled mobility, Jenni has a passion for finding the best fit for each client. With an in-depth understanding of specialised equipment and the industry that surrounds it, Jenni founded Gizmo in 2010 with a vision to support clients to select gear that is the best fit for each individual's needs, goals, lifestyle and aspirations.

GIZMO REHABILITATION
161 Richmond Road (PO Box 336)
Morningside QLD 4170

GIZMO REHABILITATION

**Smarter Advice about
Specialised Equipment**

Independent advice from an experienced allied health professional about your new wheelchair, seating or other specialised and complex assistive technology solutions, including:

- Manual wheelchairs
- Power assist or add-on products
- Power wheelchairs & motorised scooters
- Sports wheelchairs & recreational equipment
- Adaptive seating & postural supports
- Pressure management products
- Bathroom & toileting devices
- Hoists & transfer equipment
- Beds, mattresses & home care products
- Vehicle modifications & accessories
- Special car seats & restraints

We work flexibly with you throughout the equipment selection process, providing as much or as little help as you require, including:

- Professional assessment & prescription
- Coordination of equipment trials
- Funding applications & supporting reports
- Equipment set-up & carer training
- Support & mentoring to frontline services
- NDIS therapeutic supports for AT levels 3 & 4
