

## The Pastor's Corner

*"Be Still and Move Forward"*

By Pastor Lee

Our lives are changing in so many ways, it's hard to breathe. Technology changes so fast, we can't keep up with the latest methods of communicating with each other. Our denomination is getting a divorce, and we have to decide which parent we are going to live with. The whole world is trying to survive the pandemic, and then there will be the economic fall-out. Stress is high, morale is low, and if the coronavirus doesn't get us, cabin fever does. We don't know what's going to happen next. But we do know who does! So, in these crazy times, I invite you to return to the basics of our understanding of God.

1. God is perfect in knowledge. He knows what you need.
2. God is complete in power. He can provide it.
3. God is unconditional in love. He desires to give it.

During the times when you feel you can't take it anymore, I encourage you to deeply reflect on these three faith statements. They are much more than a quick fix. They are foundational truths that can rescue us from drowning and set our feet firmly on the rock. The world is changing at an accelerated speed. But the God who has overcome the world never changes. He gives us the firm footing to be still AND move forward.
