## Market Animal Ownership Requirements

1. It is the policy of the Heritage Junior Livestock Auction (State Rules for all Fairs) that any livestock exhibitor must **own** the animal(s) he or she is exhibiting. All market beef must be owned by the exhibitor by January 10<sup>th</sup>, 2021. All market sheep, goat and swine must be owned by the exhibitor by March 11<sup>th</sup>, 2021. All market poultry and rabbit must be owned by the exhibitor by April 11<sup>th</sup>, 2021. All market animals designated for entry in the 2021 Heritage Junior Livestock Auction must carry the Association's official ear tag (Both front & back). Ear tags will be administered at official weigh in.
2. All market rabbits and market chickens must have been owned by exhibitor no less than 6 weeks before Show, Rabbits must have a permanent tattoo in the left ear. Proof of ownership must be presented at check-in upon arrival at the Show.
3. Each exhibitor may only enter and show two (2) market animals of each species but may only sell one (1) animal of each species in the Junior Livestock Auction. The exhibitor must declare which one of their two (2) animals they will be selling immediately following market show for that species.
4. All exhibitors must turn in ownership information and photos of them with their entered market animal by Friday March 19<sup>th</sup>, 2021. You may submit your photos to [heritagejrlivestock@gmail.com](mailto:heritagejrlivestock@gmail.com) or post marked no later than above date to P.O. Box 666, Byron, CA 94514. Photos must include side view of animal, face of animal.

## Breeding Animal Ownership Requirements

1. It is the policy of the Heritage Junior Livestock Show and State Rules that any livestock exhibitor must own the animal(s) he or she is exhibiting. The following are the ownership requirements for all breeding Sheep, Swine, Beef, Goats, Rabbits and Poultry, designated for entry in the 2021 Heritage Junior Livestock Show. (Both Large and Small Livestock) the exhibitor must provide a copy of the animal's registration papers, Bill of Sale, or birthing records (if the exhibitor raised the animal him/herself). This proof of ownership documentation should include description of any permanent identification (Tattoo, Ear Tag, Brand, Ear Notching) on the animal and must be submitted at Show Ring on Show Day. Livestock exhibit staff will check the ownership date on the original

registration papers upon the animal's arrival to the Show. If using a Bill of Sale as proof of ownership, the Bill of Sale must contain:

Seller's name, address and phone number

Buyer's name, address and phone number

Date of purchase

Description of animal (color, sex, breed, date of birth, permanent identification #, brand or picture of ear notching)

and it must express transfer of ownership. For example:

I \_\_\_\_\_ sold the animal described on this form to \_\_\_\_\_

(Seller's Name)

(Buyer's Name)

2. All proof of ownership information submitted will be reviewed by the Association to ensure the submitted proof of ownership information (including the animal's permanent identification) matches the animal that was entered and brought to the Show.
3. NOTE – No livestock (excluding rabbit and poultry exhibit) owned solely by a chapter or club, or conducted as a joint project by two or more individuals, is eligible in the junior department, unless the division or class specifically so states.
4. All animals in "registered purebred breeding animal" divisions must be registered and recorded with a United States breed association in the exact name of the owner as declared on the entry form except for:
  - a. Pigs, under 12 months or younger, which are still owned by the breeder. Litter registrations are acceptable if recorded with their breed association and if they identify the litter by birth date, sire, dam, and ear notching.
  - or-
  - b. Animals whose breed association requires an inspector's approval before registering. The animal cannot be more than 12 months of age on opening day of the fair. Exhibitors may present a statement by the secretary of the association stating that then animal is eligible to be registered. This statement must identify the animal by birth date, sire, dam, and ear tag, tattoo or notching.

## **Policies for Exhibitor Conduct**

1. **Direct criticism or interference with the judge, show management, other exhibitors, breed representatives, auctioneer, or show officials before, during, or after a competitive event is PROHIBITED.**
2. Exhibitors shall use respectful language. No foul or abusive language or gestures will be tolerated.
3. **All junior livestock exhibitors must groom and wash their own animal while they are on the fairgrounds. Any assistance must come ONLY from another junior livestock exhibitor who is exhibiting an animal at the 2021 Heritage Foundation Exhibition and Show wearing a designated exhibitor wristband.**
4. Possession of any weapons or illegal drugs on the fairgrounds, or in the Livestock Camping area, is prohibited.
5. Possession of alcohol or drinking alcohol, and/or being under the influence of alcohol by any exhibitor or minor on the fairgrounds, or the Livestock Camping area is prohibited.
6. Use of fireworks or sparklers is prohibited on the fairgrounds or in the Livestock Camping area.
7. Any exhibitor whose conduct jeopardizes the health or safety of another exhibitor, animal, or the public, will be immediately expelled from further participation in the Heritage Junior Livestock Auction for the 2021 Show, and possibly future Shows. The exhibitor is to be removed from the grounds and camping area immediately and loses the opportunity to show and sell his or her animal(s) through the Junior Livestock sale. Health or Safety issues include, but are not limited to, the actions involving weapons, alcohol, illegal drugs, or fireworks, as mentioned in items #4-#6 above, and not caring for, i.e. feeding and watering, the exhibitor's animal project. All animals exhibited by the violator must be removed from the fairgrounds by 3 pm the following day of the violation.

## **Policies for Animal Treatment**

1. Any effort to artificially change the conformation or appearance of an animal by treating the animal, internally or externally, with any irritant, counter-irritant, or other substance is considered unethical, inhumane, and is prohibited. Treatments that are expressly prohibited include, but are not limited to, excessive use of common products such as fly spray, ointment or liniment or other similar products. Excessive use is defined as the use of a substance to the point that it irritates the animal.
2. Adding false hair or hair-like material, fleece or skin to any portion of the animal's body is illegal and will result in immediate disqualification. Causing the animal to ingest any liquid or substance not considered part of an accepted and normal livestock diet, or in quantities not considered normal for livestock, is deemed illegal and inhumane. For example: the use of alcoholic or carbonated beverages as a drench or filler.  
**NOTE:** The use of drench guns in any form is illegal and will result in immediate disqualification.
3. The use of tranquilizers, sedatives, or depressants, which alters the physical or physiological state of the animal, is illegal. Exceptions to this rule would be a Licensed Certified Veterinarian's treatment for a recognized disease or injury, or recommendation for tranquilizing breeding animals in heat that might compromise the safety of others. The livestock office must

receive notification from the Licensed Certified Veterinarian of the details of any such prescribed treatment. The substances used in this treatment must have been approved by The Food and Drug Administration for use in meat producing animals.

4. It is the responsibility of the exhibitor to feed, water and care for any animal they have entered in the Show throughout the entire Show, including any period following the sale of the animal prior to the end of the Show. All market animals including small stock must be given a final feeding and watering at approximately 4 p.m. on Sunday, May 16<sup>th</sup>, 2021 to ensure that the animal arrives in a healthy condition at the processing plant.
5. Any animal that appears ill or injured while at the fairgrounds must be reported to the livestock office immediately. A veterinarian must check any animals considered unhealthy. If it is determined that the animal is carrying a communicable disease, the animal will be removed from the fairgrounds at the owners expense. The fairgrounds will not assume the cost for this action. The exhibitor must assume the full expense of the veterinarian's services.
6. Any animal that is unmanageable or that could be a safety hazard to the public will be removed from the fairgrounds. The Livestock Superintendent/Show Management will make final decisions.
7. It is considered abuse to excessively shrink or exercise an animal.
8. Ice may not be directly used on an animal. Only ice in a bucket of water is permitted. No cooling devices, electrical stimulation tools or shockers may be used.
9. Physical abuse of an animal will not be tolerated. For example: when moving hogs, care should be taken not to excessively beat or hit an animal (either by a person or with an object).
10. For the safety of the animal and the public, animals are not to be left unattended on fitting tables or in blocking chutes.
11. All lambs must be shown with their front feet on the ground as practiced by acceptable showmanship procedures. If this policy is not followed, the judge may ask the exhibitor to leave the ring or may place the exhibitor at the bottom of the class.
12. During animal arrival, a certified veterinarian will check animals for any infectious disease. Those animals determined to have an infectious disease will be asked to immediately leave the fairgrounds. For example: animals found to have live Ringworm or Sore Mouth will be asked to leave the fairgrounds. It is strongly suggested that the health of each animal be evaluated prior to coming to the Show. The Show Association is not responsible for any costs associated with the transfer or care of these animals.
13. Any abuse of an animal by the exhibitor upon leaving the scale after weigh-in is cause for the exhibitor and animal to be removed from the fairgrounds and not be allowed to compete at the 2021 Show.

## Participant's Eligibility

1. Entry in MAREKET CLASSES is limited to members located in Contra Costa County ONLY. Breeding animals are limited to members of Contra Costa County.

## Consequences for Violation of Exhibitor Policies

1. If any violation of policy occurs prior to the junior livestock sale, the exhibitor will not be allowed to sell his/her animal.
2. If the violation occurs after the auction, the exhibitor will receive only the market resale value (as determined the day of the auction) for the animal. Any remaining money paid by the buyer in purchasing the animal through the auction, will be placed into a general auction account and use for improvements in the livestock area. The buyer will receive the animal.
3. **If it is determined that an exhibitor has violated the Show's Code of Excellence or other exhibitor policies, the exhibitor will be removed from the grounds and may not exhibit livestock at the following year's Show.**  
**For example:** An exhibitor who violates a rule and is removed from the grounds in 2021 will not be allowed to exhibit livestock at the 2021 Show. The exhibitor may then request in writing to exhibit livestock at the 2022 Show. This request will be reviewed by the Board of Directors prior to an official entry being accepted.
4. The Contra Costa County Heritage Foundation and Heritage Foundation Board support the Show's direction to focus more on the exhibitors excelling in leadership, education, and citizenship with their livestock project.
5. The Contra Costa County Heritage Foundation and Heritage Foundation Board has decided that minor violations of exhibitor conduct, not involving health or safety concerns, may be given one verbal warning. This verbal warning will be documented and noted by a signature from the Livestock Superintendent and the exhibitor. On the second violation, the exhibitor will be asked to leave the fairgrounds and any awards and/or auction check will be withheld.

If showing small stock animals cloth shoes will be permitted but MUST have no toes or heels exposed.**
3. Exhibitors shall wear blue jeans, collared shirt, and black or brown belt. (Any old, stone or acid wash, faded or tattered jeans may jeopardize your eligibility to show).
