

What Is the MGNA

Established in 1983, the MGNA is a not for profit, professional association with a focus on promoting excellence in the care of older adults in Manitoba.

Our Mission

The MGNA's mission is to promote continuous improvement in the care of older adults and their families across the care continuum in collaboration with other health care providers through education and dissemination of knowledge.

Why You Should Join

- Discuss current issues related to gerontological nursing and the care of older adults
- Host clinicians, researchers, and educators specializing in the care of older adults quarterly to provide continuing education and professional development opportunities for those who interact with older adults
- Liaise with local, provincial, and national organizations in support of our mission.
- Promote gerontological nursing as a field of study
- Promote gerontological certification through the Canadian Nurses Association
