Flat & Walk-On Glazed Units

The SkyVision Flat Glazed Unit is an attractive roof light window allowing a maximum of natural light in a timeless, clean aesthetic design. The heat loss is minimal and the noise reduction optimum

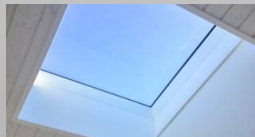

Available in various shapes & sizes i.e. Square, Rectangle & Circular
Double or Triple glazed for optimal U.Value.

Flat Low Pitch Rooflights 0° - 30° Pitch

U.Value 0.65—1.06 W/m²K

Walk on lights use 52mm double glazed units to support load up to 500kg per m²

All flat rooflights come with 115mm Silk Screen printing along the edge for UV protecting the seal

Constructed from glass, aluminium & wood, the units can come complete with a kerb for installing directly onto a flat & shallow roof
