

FACES AND PLACES, works by Alicia Farris

Fresh Gallery introduces a collection of works by Alicia Farris featuring figures in the urban and natural landscape.

Alicia's work has been recognized in multiple National and International exhibits. She was recently featured in The Art Of Watercolour Magazine published in France and circulated to 36 countries, but she was equally honored to be included and honored with an award in this year's National Exhibit of Watercolor USA right here in Springfield! Her work embodies the emotion of her subject, as she captures light and color to tell her story. She is excited to exhibit a new collection combining some of her favorite subjects: people, landscapes, urban scapes, and some familiar local scenes. Stop in any time in July to view this new work, Tuesday-Saturday 11-6 but please make a point to stop by during her "meet and greet" reception on July 25th if you are able.

Alicia would be honored to see you at Fresh Gallery **Thursday, July 25, 5:30-7pm** for a wine and hors d'oeuvres reception to celebrate the arts.

See you at Fresh Gallery!
