We have seen an inordinate number of flea cases in the past few weeks and are proactively checking all animals upon arrival for boarding. Should we find fleas on your pet, we will promptly notify you or your listed emergency contact. For the well being of your pet, and all the animals at AHAH, we will need to treat the flea problem with Frontline or Nexgard and we will give them a bath. Please be aware this required treatment will be at your expense.

Inherent Conditions: Occasionally pets may develop problems from environmental and dietary changes. Signs may include: vomiting, diarrhea, coughing, sneezing and self-trauma such as scratching or biting their skin. We take great care so that these problems won't occur and we treat our patients promptly, if needed. However, please be aware and understand that these conditions can develop and that the hospital is not financially responsible for these inherent conditions if they do occur.

Personal Pet Items: I understand that AHAH provides sanitary, comfortable bedding during my pet's stay. I understand that for safety reasons, leaving personal pet items such as toys or bedding are strongly discouraged; if I do decide to leave personal items, AHAH is not responsible for lost/damaged items. I understand I need to inform the Hospital if there is a change in the scheduled release date. If the animal is abandoned, the Hospital is authorized to remedy the abandonment as prescribed by law. I further understand that abandonment DOES NOT release me of my financial obligation for services rendered, fees associated with abandonment, collection action, and/or legal services.

Thank you for choosing our boarding facilities. Our AHAH staff will treat your pet as if he/she were their own and will be kept safe and comfortable while you are away.
