CAREER SUMMARY

Since 2019, Hernan Aguinaga has maintained employment in the roofing industry where he installed commercial roofing products including single-ply, modified bitumen roofing, and shingle roofing. Mr. Aguinaga also provided waterproofing services including masonry work for through-wall flashing, window sealants, and perimeter seals. Mr. Aguinaga subsequently moved into an Associate Project Manager role where he provided quality assurance inspection and field data collection for design and condition assessment related primarily to roofing and waterproofing projects. Mr. Aguinaga's role at PCI is to provide quality assurance inspection, testing, regarding roofing, waterproofing, and exterior restoration related services, perform condition surveys, and obtain technical data/information for renovation design.
