

Kind Words, Kind Hands

By Darrell Johnson

Chorus:

Kind words, kind hands, everyone should understand that being friendly is the way to go. It's how you make your friendships grow, grow, grow

Kind hands, kind words, being nice is much preferred; a gentle touch, a fond hello...now that's the way to go

Verse 1:

Making friends is easy, once you know the how's and why's.

Just let 'em know you're there for them and in you they can rely

Don't push or hit or shove them, don't tease with jabs and lies

Just show them kindness every day and there'll be no sad goodbyes

Chorus:

Kind words, kind hands, everyone should understand that being friendly is the way to go. It's how you make your friendships grow, grow, grow

Kind hands, kind words, being nice is much preferred; a gentle touch, a fond hello...now that's the way to go

Verse 2:

True friends are friendly always, not simply now and then

They share things with each other, no matter where or when

And if there is a problem, they don't take their friendship back

They work it out then shake or hug, yes that's how true friends act

Chorus:

Kind words, kind hands, everyone should understand that being friendly is the way to go. It's how you make your friendships grow, grow, grow

Kind hands, kind words, being nice is much preferred; a gentle touch, a fond hello...now that's the way to go

Outro:

Kind words, kind hands

Kind hands, kind words

Kind words, kind hands

Kind hands, kind words

Kind words, kind hands

Kind hands, kind words

Kind words, kind hands

Kind hands, kind words

If you show kindness every day, then your friendships will always stay

When you help out a friend in need, you will be a true friend indeed.

Kind words, kind hands

Kind hands, kind words

Kind words, kind hands

Kind hands, kind words

(repeat until fade out)
