

Eric Barlow. I emailed you 11 years ago following the death of Michael Davies, the MC of Stockport Town Hall. I'm sorry to have to tell you that Eric, the organist at the Town Hall for many years, left us on July 6th aged almost 92. I was Eric's friend and carer. He died in his home peacefully with myself present. I made a request to the Old Time Society to see if I could put a few words about Eric on their Facebook page, but they said it wasn't possible as I am not a member of their Society. I know dancing and not the organ is your interest, but as Eric played for the majority of his professional career for dancing, I thought you might like to know. Chris Buxton, Stockport.

A lovely man who will be sorely missed, I still have his cd and have some great memories of dancing to his music in the Town Hall when Michael was MC. What a pity that OTDS couldn't include an obituary to Eric as he was a member of their Society in the 1990's and played for them for the AGM support dance in Stockport Town Hall in March 1992. President Fred.
