We do the work...
so you don't!

www.quickcomm.mobi

We build the app and maintain all the content throughout the entire program process. From the branded look of your app to each specific detail you want included, we create each app efficiently, creatively and with a goal to exceed our client's expectations.

We do not require the information in any specific format. We know you are busy so just email us with whatever you have and we will decipher it.

We are there for you virtually on site 24/7 during your event to push alerts and make necessary changes.

Have a change in the slide deck 6 months after the program and want us to post the new one and push an alert to all attendees letting them know that the new slide deck is available on the app? Just ask us.
