Please note that your child may qualify for a full scholarship (free music lessons) or may only qualify for a half scholarship. If you were to accept the half scholarship the parent would be financially responsible for paying the other half of tuition. Our current tuition rates for private lessons are \$130/month so a half scholarship would reduce that to \$65/month. Our current tuition rates for Group Piano or Group Guitar is \$200 for a 10wk course so a half scholarship would reduce that to \$100 for the 10wk course.
