Welcome aboard the 75-foot Mi-JO. We can accommodate large groups of up to 95 passengers for Fishing or for Party Cruises to New York Harbor & Local Waters. Book your trip aboard the Atlantic Highlands finest, fastest charter boat. Our experienced crew and state of the art vessel will provide a safe and enjoyable voyage.

Captain Mike Scardigno grew up in the Sandy Hook area and has been fishing for Fluke, Bluefish and Stripers for over 45 years. He has a great local knowledge of the "tricks" and "hot spots" that have produced time after time, year after year.

The Mi-Jo is a custom 75-foot Coast Guard inspected aluminum, walk-around vessel designed for fishing or cruising in safety and comfort. Mi-Jo gets you to the fishing areas fast with twin turbo diesels. Enjoy a comfortable cruise with a deck level lounge complete with galley, stereo color TV, VCR, heating and of course clean comfortable rest rooms.

Charter Policies

All trips include hot Coffee in the morning, rods, and bait. One setup is supplied with rods thereafter you will be charged. We ask all people that will be bringing their own tackle to PLEASE NOT USE BRAIDED LINE. It causes extensive damage to the vessel and is harmful to the Marine environment.

We have a full galley with food and soda. We carry two mates for parties over 15 people. Mate's tips are not included in the price. A 20% gratuity for them is customary. Ours is a family operation.

Galley Menu

For a catered affair aboard the Mi-Jo we offer breakfast & lunch for only \$20 per person. That is an all you want at the patrons request. We can also take any special food requests you might have as long as that is arranged with enough time, prior to the charter date. If you are on Mi-Jo as part of a regular charter then please see the menu board in the Galley when you come on board that day.
