

TEMPLE FOR THE ARK OF THE COVENANT

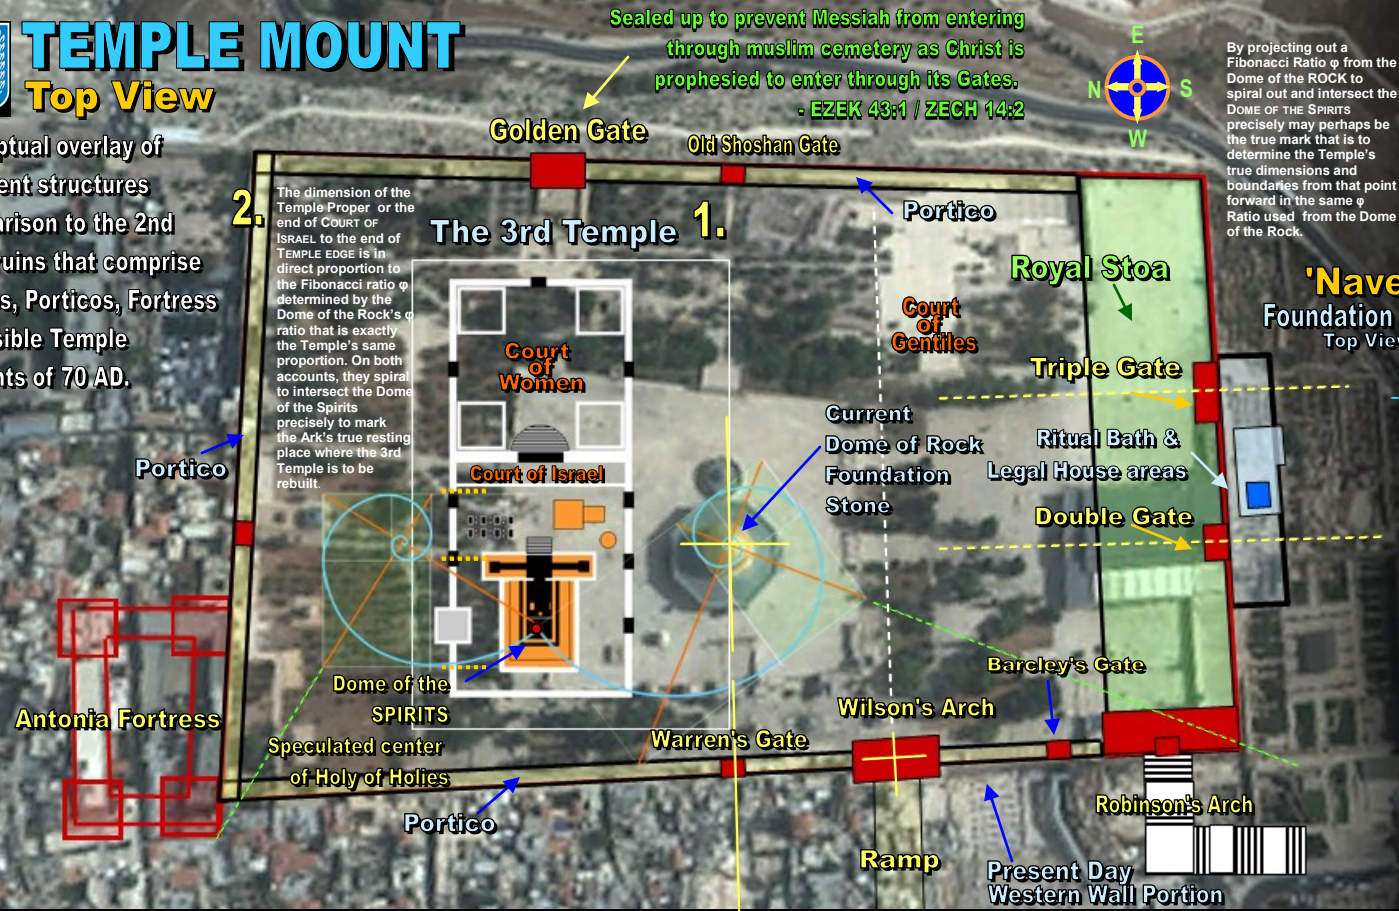

THE MATHEMATICAL RATIO OF THE FOUNDATION STONE DETERMINES THE 3RD TEMPLE HOLY OF HOLIES

The Jewish people are at a prophetic crossroads. With the ever-increasing threat of war in the Middle East, the time has come for the Jewish Nation to once again rebuild the Temple of Worship that YHWH directed would be a House of Prayer for all Nations. Perhaps, now that Israel is a sovereign Nation and the Temple Mount is under its jurisdiction, the 3rd Temple will be built in this generation. Perhaps a war or calamity will occur to facilitate this undertaking. The Book of Daniel alludes to there being in service - at the End of Time - a yet future Temple that will be fully operational. (Daniel 11:31) Daniel further elaborates that the 3rd Temple will have the long lost Ark of the Covenant. It is what is left of the original furnishings constructed by Moses. Perhaps it will be unveiled once the conditions to rebuild the 3rd Temple is constructed and thus the Messiah the Jewish are awaiting will actually be the AntiChrist of the Christians. According to the Bible, such a man will be used for the event called the Abomination of Desolation. The schematics below are a conceptual rendition of 1) what the past 2nd Temple era boundaries consisted of, 2) how past structures and boundaries correspond to the current present-day Temple Mount layout, and 3) how the possible future 3rd Temple is overlaid based on perhaps what could be a pivotal clue using the Fibonacci Ratio. The theory presented here is that mathematically, the first phi ratio or 'spiral' from the Dome of the Rock projected out to the Dome of the Spirits will establish the true location of the Holy of Holies. The Fibonacci Ratio will then be projected out from the Dome of the Spirits to speculate the actual dimension of boundaries of the Temple Proper.

A conceptual overlay of the present structures in comparison to the 2nd Temple ruins that comprise the Gates, Porticos, Fortress and Possible Temple alignments of 70 AD.

SOME POSSIBLE SCENARIOS FOR REBUILDING THE 3RD JEWISH TEMPLE

In 1967, the Jews recaptured the Old City of Jerusalem along with the Temple Mount. This territory was not under Jewish sovereign control since AD 70 when Israel (Judea) was exiled by the Romans. The 2nd Temple was destroyed on the 9th of Av, as was the 1st Temple on the very same date. There are many theories of where the Temple is to be rebuilt. An alternative speculative position, aside from the Dome of the Rock's Foundation Stone, is that of the site that it is over the Dome of the Spirits. This site might be the correct correspondence to the Holy of Holies. This would religiously and politically accommodate the Dome of the Rock from having to be removed.

1. A political maneuver or 'confirming' could be brokered in which some possible "Peace for Land" is made in which the construction and service of the 3rd Temple would commence as compensation.
2. A Treaty in which a Palestinian State is declared and recognized by the world and Israel is confirmed in exchange for the construction of the 3rd Temple and the Daily Sacrifices are initiated.
3. A spoil obtained by a possible all-out military and religious Islamic assault as alluded in Psalm 83 in which Israel's enemies are supernaturally defeated and the Arab threat to Israel's security is such that she will abide in 'cities without walls' in preparation for the later Gog-Magog invasion. -Ezek 38-39

THE DOME OF THE SPIRITS

The Fibonacci Ratio ϕ might well be the key in determining the actual dimension and boundaries of the Temple and its environs. By projecting out such a Fibonacci Ratio ϕ from the Dome of the ROCK to spiral out and intersect the Dome of the Spirits precisely is perhaps a concept not yet considered by Biblical researchers. The direct proportion of the Fibonacci Ratio ϕ determined by the Dome of the Rock's ϕ Ratio is to be kept exactly from the reference point of the Dome of the Spirits; this is what will determine the Temple's layout proportions. On both accounts, it appears that the spirals or the ϕ Ratio that intersect the Dome of the Spirits precisely validates where the mark the Ark's true resting place will be once the 3rd Temple to be rebuilt. Of further consequence, if the intersecting lines are projected out for both ends of the ratio patterns, they give the western boundaries of the Temple Platform itself - from where the Fortress Antonia was in relationships to Robinson's Arch.

ISLAMIC REVISIONISM

The Islamic authority that has administrative rights on the Temple Mount given by Moshe Dayan after the 1967 Six-Day War, has allegedly destroyed considerable amounts of Jewish 1st & 2nd Temple era artifacts and fragments in the guise of renovation. They have burned wood from the 2nd Temple era and seem to be on a quest to stamp out any archaeological relevance linking the Temple Mount to the Temple of Solomon and Herod. Tons of debris have been dumped in the Valley below or hauled off.

By projecting out a Fibonacci Ratio ϕ from the Dome of the ROCK to spiral out and intersect the DOME OF THE SPIRITS precisely may perhaps be the true mark that is to determine the Temple's true dimensions and boundaries from that point forward in the same ϕ Ratio used from the Dome of the Rock.

THE EARTHLY THRONE

The Ark was the primary storage container for the 10 Commandments given directly by the Hand of YHWH on Mt Sinai to Moses and the Jewish Nation. It was a 'Covenant' for all eternity. The 'Throne box' had a duplicate copy of the one in Heaven's Throne. The 2nd set of Tablets was made by Moses as the 1st was broken by Moses when the Hebrews worshipped the Golden Calf. The Ark also had a token sample of the Manna that the LORD provided Israel during the 40 year Wilderness journey and the almond Staff of Aaron that budded. Once a year, on Yom Kippur, only the High Priest would be required to pour blood upon the Mercy Seat of the Ark as a propitiation for Israel's national sins. The Ark was situated in the midst of the perfect cubed Holy of Holies.

3rd TEMPLE POSSIBLE LAYOUT

THE THRONE OF YHWH

ARK OF THE COVENANT

The Ark was basically a portable "Throne Chair" in which the 'Shekinah' Glory rested and the Presence of GOD was manifested to Israel. It mirrored the real one in the Throne Room of YHWH in HEAVEN. (Ark's design by R. Wyatt's eyewitness.)

INSIDE DOME OF THE ROCK

The Foundation Stone is believed to be the site of several profound and prophetic occurrences. In which Abraham was tested with Isaac. It is the place where Jacob rested his head and the Ladder to Heaven appeared. It is the place where the 'Navel' of the world is at. According to tradition, it is the place in which GOD started the Creation of Earth and the Universe. Such a pinpoint could be a clue to establishing the true location of the Holy of Holies of the 3rd Temple to be rebuilt.

Place of the Skull

Mt. Calvary

This site would correspond to the 'Skull' or the 'Place of the Skull' that was outside the City during the time of Jesus' day. Criminals were executed publicly, nude along the road that led to the City. This site is one of the many possible sites yet to be confirmed as the place Christ's crucifixion.

The Temple Mount area has an anthropomorphic quality and principle to it. Over the centuries, there have been some postulations brought forth that the topological formation from the City of David to the place that is believed to be Calvary forms an approximation of a 'human body'. The City of David would consist of the 'legs', the Temple Mount itself would be the 'navel'. Also the genital areas of both male and female functions. Consider the slaughter of thousands of bulls and lambs where the Brazen Altar stood and the amount of blood flowing in 'cycles'. And the amount of water need to clean the Priests as in 'washing away' sin where major elements.

THE 3RD TEMPLE IS READY

The Temple Institute finished in 2010 the last of the Temple items required for Temple Service, the adjustable Crown. What is left is for the ARK OF THE COVENANT to be retrieved. Many believe that it is hidden beneath the caverns of the Temple Mount. Many believe that the Ark never left Israel and at the right time, it will appear to be placed in the 3RD TEMPLE's Holy of Holies. (See www.TempleInstitute.org) This resurfacing of the relic will be no doubt a key event in Eschatology. The Temple Mount Faithful have the Corner Stones ready to be set for the 3RD TEMPLE. Also, due to DNA and current science, the Red Heifer needed to purify the TEMPLE MOUNT and nation to be ready for consecration has been procured. There is a DNA related ancestry registry database of those of the Aaronic Priestly lineage to serve as Priests. The 3RD TEMPLE is very close to being rebuilt; all that is needed is for Messiah to come according to the Temple Institute. Perhaps when the Ark appears, so too will Moses and or Elijah appear, it is stated.
