Fostering a legacy of physical, mental and spiritual wellness by supporting Black communities across California.

We are AMPLIFY! the African American/Black Statewide Coordinating Center charged with educating and engaging our community to eradicate the number one killer of Black people—deaths caused by tobacco and nicotine addiction. We amplify the voices, cultural wisdom and collective strength of our people to build strong healthy communities.

MISSION STATEMENT

To work collectively in love, unity, and cultural humility to educate, empower and engage our communities to end commercial tobacco use.

VISION STATEMENT

We believe the elimination of commercial tobacco use is crucial for the health and prosperity of the Black community. We will work towards a tobacco free California where the predatory tobacco industry no longer has influence over our leaders, organizations, and families.
