FOUNDRY EQUIPMENT MAINTENANCE – SYACUSE, NEW YORK

WEBCO HR, Inc. is seeking a Foundry Equipment Maintenance for one of your clients located in Syracuse New York.

SUMMARY:

The Foundry Equipment Maintenance position is 2nd Shift. The hourly rate for this position is 34.86 per hour. The core hours are 2:30pm-11:00pm, Monday through Friday. Relocation assistance is provided within the United States.

RESPONSIBILITIES:

- Perform all required duties to diagnose and correct electrical, hydraulic, pneumatic and mechanical malfunctions on automated foundry production equipment or machinery.
- Check sequence of machine operation, determining type of machine malfunction, making necessary repairs, readjusting and testing instruments and machinery to manufacturer's standards, within established limitations.
- Duties include the altering, repairing, adjusting and/or piping of water, air, gas, oil, etc. to meet foundry equipment specifications and/or correct machine malfunctions as required. May be required to generate shop orders.
- Work from shop orders, blueprints, schematics, operational manuals, verbal information, manufacturer's specifications, etc.
- Detect and correct machine malfunctions and refer questionable cases to proper supervision.
- Locate, issue and record a variety of items such as raw materials, parts, tools and equipment from the maintenance tool crib.
- Operate fork truck as required in performance of job duties.
- Maintain work area in a clean and orderly condition.
- Follow standard or prescribed safety regulations.

REQUIREMENTS:

- High school diploma or equivalent from an accredited institution.
- Minimum three (3) years of industrial mechanical maintenance experience.
- Knowledge of D.C. and A.C. electrical theory; pneumatic and hydraulic theory and practice; plumbing and piping repair theory and practice; machine repair theory and practice involving theory and practice involving close tolerance assembly and fits.
- Experience in the use of measuring instruments and devices.
- Experience in the sequence and intra-relationship of machines operations including the evaluation of pressure, flow and dimensions in all machine functions.

Preferred qualifications:

- Minimum (5) five years of industrial maintenance experience or the equivalent to Journeymen level experience.
- Forklift experience.

COMPENSATION:

- \$34.86 per hour.
- Full Benefits.

THE COMPANY:

Our client is solving critical power management challenges with innovative technologies that meet the needs of today and tomorrow.
