March 5-6, 2022

## Online Paper Presentation Mechanics

1. Online Paper Presentation shall be LIVE

2. Presenters are in-charge of keeping and sharing their own power point presentation

3. It is recommended that not more than 15 slides should be prepared which includes the ff: Title of Paper; Statement of the Problem/Objectives; short Methodology; some Findings; few Conclusions and some Recommendations.

4. Each presenter will be given 10 minutes for the presentation and 5 minutes to answer questions if there are any

5. In case of internet problem, the scheduled presenter will be given two minutes to come back online and continue with the presentation but if not able to do so after two minutes, the next presenter will be called in and will be given the floor. The presenter may come back and continue with the presentation as soon as his/her internet connection is stable.
