This Month's Program

Our June speaker is a return engagement, from Mark Franko, Trout Guide Extraordinaire, who will assist us with tips and methods for a more successful trout season.

A PAIR OF DIAMOND VALLEY GEMS – Riverside County's new Diamond Valley Reservoir is home to a year-round trophy trout fishery. Here Chris and Tom Duimistra show off the pair of chunky 5-pound rainbows they were guided to by Mark Franco of Trout Chaser Guide Service (center).

May 2010 President's Message

Memorial Day just passed, Flag Day June 14th is weeks away as is 4th of July. I hope everyone took a moment to remember those who served our great country and those still in service in varied and far away places. I salute all the veterans in the club and thank you for your honorable service.

The weather has not been cooperating. Trips have been cancelled left and right. I've had two trips cancelled and know of several others because of high winds last month alone. I went to Castaic and Santa Ana River Lakes and the wind was howling. Fishing was difficult at best. I got out on a Native Son trip out of 55th Street and fished for halibut and rockfish. Most were returned because of size, but it was till great to be out fishing.

The forecast is looking better. Looks like we are heading directly from temperatures in the low to mid 60's to 100 degrees in the same week. This weekend is supposed to be a hot. Hopefully the waters will warm up, the winds will die down and fishing will pick up.

This month Don Udlock had a trip for the kids out of Berth 55 on June 4th. I am sorry to say I missed it. I really look forward to the kids and the excitement. Dan Hernandez has a youth fishing trip at MacArthur Park on Saturday June 12, 2010. Fishing begins at 9, registration at 8. As always a lunch will be provided followed by raffle prizes. kids, please let them know.

Speaker Chairman Dick held his first annual casting lesson at the Rose Bowl. I got some pointers and practice. Hopefully he will take time to do it again, if anyone needs pointers or help, here is your opportunity.

Mark Franco is returning as this month's speaker. He is a great guy to fish with as many club members can attest. Hope to see you at the meeting.

Remember, July is tackle giveaway, sell, swap or trade month. So bring in the many items which have been gathering dust and sell, trade or swap them for something new, at least to you. As always, I am collecting donations of tackle for kids organizations. If you are not using something and buy something new, donate so a child can go fishing.

See you on the water or at least I want to read about it, with pictures in the newsletter.

2010 Membership Drive

The 2010 Membership Drive is on!!!! Pierre will have **pre-printed forms** Just bring your check or cash and validate your personal information on the pre-printed forms. **The dues have changed: \$45 for an individual and \$60 for a family membership. That entitles you to one T-shirt for individuals and 2 T-Shirts for family members.**

The data on the pre-printed forms comes from the club database. This is the best time to verify and update your information.

(Please make every effort to use the pre-printed forms rather than fill out a blank form. I have had instances when people supplied "new" or "revised" information (or I couldn't read their writing), only to have to change the information back at a later date! Thanks for your consideration and cooperation.)

Membership Card Reminder

All members are reminded that your club membership entitles you to a 10% discount on NON-SALE fishing tackle items at Turner's Outdoorsman stores. This discount is not available for guns or ammo. You are also reminded that after January 1 2010, your 2009 membership card is void. In order to receive the discount, a current 2010 membership card will be required. Fresh Water Event Update

July 17th Perris Lake---float tube, boat, shore
Sept 11th Diamond Valley Res.
and maybe a couple of surf fishing trips mixed in, to be announced later.

No Piru!!! What!!!

The scheduled Lake Piru was changed at the last minute, off to Silverwood we went. Thanks to Dave Craig for calling the lake. As it turned out, they were having some kind of festival and no boating would be allowed.

Fred Bernthal & Bill Sullivan paired up on Bill's boat. Dave brought his classic boat and fished with his bud Rick Stone. Laney Hackman fished with me on my boat. We all arrived at the same time and launched together. The boat traffic was light and the skies were clear. So here's the breakdown on what was caught. 11 bass and one trout felt the sting of our hooks. I caught one bass at 1.7 lbs
Dave's two bass weighed 1.6 & 2.1 = 3.7
Laney's trout was .14 oz, bass were 1.4 & 1.10= 3.12
Fred landed 6 bass, his 5 largest were 1.6,1.8,1.14, 2.4,2.8=9.5lbs. He gets the winners hat!!

As we left the parking lot around 2:00, it was completely full and cars/vehicles were waiting to get in. Summers here and it's going to get worse.

Here's my thought, instead of going to Perris Lake , let's go surf fishing at Bolsa Chica. Its' half the distance and we can leave when the beach crowd comes. The tide comes up 8am to 12. Good idea?

See you at the meeting,

Mike Maurizio the freshwater guy.

Silverwood Lake By Big ED

I fished Silverwood lake with my bass club Saturday 5-22-10.

It was flat calm in the morning and for my team fishing was excellent. We concentrated on staying off the bank and blind casting up tight to about 15-20' of water. It was almost wide freaken open. My non boater had never caught a limit of bass before and had never caught more than three bass at any one time previously. Well after his 20th fish he was all but satisfied.

SeaJay Trip By Christine and Joel Tureaud

Prior to May 16th, we requested Ernie Branch to save three bunks for us on the newly refurbished Sea Jay out of Ciscos landing. We arrived at approximately 8:00 P.M. greeted by Ernies smiling face. He said he saved three bunks for us. Shortly thereafter Brian Peale arrived, completing the collection of fishing enthusiasts. After setting up our reels and poles we retired to the bunk room. Brian asked if we had the right date because we were the only four on the

I ended up fourth out of 26 anglers and my non boater ended up tenth in only his third tournament ever. That's what its all about. Seeing a newer angler score not only points for the season and place for the first time but seeing his excitement and living it made the event one of the funnest times I have had on the water in a long long time! Silverwood is "wide" right now. get out there while its still good. Oh, and yes once the wind started around 11:00 it was relentless. It never stopped with white caps par for the course.

I have to give props to my buddy Fred Bernthal for putting me on some fish. Fred fished the lake and turned me on to an area of shoreline that was loaded with lobina. Thanks Fred for the help!

Later; Big Ed!!

boat. He thought we might be in dry dock the next morning . About 2:00 A. M. the other anglers slowly showed up. Our captain John Fuqua arrived about 4:00 A.M. and said it would take approximately four hours to our destination due to the slow circumstances of fishing.

We arrived about 8:00 A. M. at the west end of Santa Rosa Island. Waking up to yummie donuts, coffee and whales expelling air to form water spouts and a great display of their flukes were seen everywhere. The water was flat, cloud cover, no white caps, adequate current, sardines and cut squid, conditions were exceptional for all.

As usual the bow was reserved for the jig throwers. Joel and the charter master Robert were hauling in the big ones. Joel was using his Jax jig with a shrimp fly teaser enabling him to catch a nice squirmy octopus used to catch a big chucklehead.

(copper rock fish-sebastes caurinus) chucklehead

The charter master pulled a huge red fish *sebastes miniatus* with his chrome jig to take the jackpot.

I wondered what Brian would pull out of the water on this trip. He was using a unique well machined sinker that looked like a rocket and would depart if stuck in the rocks. Sure enough, without failure he landed a red and a sea anonme on the same hook.

The anglers jelled very well together with so many coming from different walks of life. Ernie, always smiling, pulling in nice red fish, with is his shark hat , seemed to enjoy his new acquaintances.

Everyone limited out with quality fish.

We found route 126 (beautiful scenery) to the 5 to the 210, free flowing traffic during rush hours.
