

Kittitas County Emergency Medical Services MCI Response Area

Key

- MCI Cards**
- MCI HD #2 - A
 - MCI HD #2 - B
 - MCI HD #1 - A
 - MCI HD #1 - B
 - MCI HD #1 - C
- Primary Helicopter Landing Zones

INCIDENT COMMAND CHECKLIST

RESPONSIBILITIES:

Assume responsibility for the entire Mass Casualty Incident.

DUTY CHECKLIST:

- [] Identify previous Incident Commander and facilitate transfer of command.
- [] Don Identification vest
- [] Identify the incident command post and establish unified command.
- [] Assess situation and determine needs.
- [] Identify Staging, and as appropriate, Staging Area Manager.
- [] Contact and work in close proximity to Medical Group Supervisor.
- [] Request additional equipment and/or manpower as necessary
- [] Identify a PIO and Safety Officer – personnel permitting.
- [] Maintain scene security
- [] Direct outside support agencies as needed:
 - [] Law Enforcement
 - [] Medical Examiner
 - [] Public Utilities
 - [] Red Cross

MEDICAL GROUP SUPERVISOR CHECKLIST

RESPONSIBILITIES:

Direct and supervise the overall medical operations

DUTY CHECKLIST:

- Report to and work in close proximity to the Incident Commander.
- Obtain needed equipment (vest, clipboard, checklists).
- Don Identification vest
- Assess medical situation and needs, report to COMMAND.
- Assure that all appropriate medical ICS positions are filled:
 - Triage
 - Treatment
 - Transport
- Establish communication with DMCC, request to open protocol for MCI. Give DMCC size-up of situation with estimate of casualties and categories of injured.
- Establish funnel point from triage to treatment and number patients on forehead as they pass through.
- Consult with Transport Team Leader regarding location of transport area and establishment of communication with hospital control. (MAJOR MCI)
- Consult with Treatment Leader on location of treatment area.
- Identify an equipment pool adjacent to the treatment area for incoming medical equipment.
- Identify a manpower pool for Litter Bearers. Notify Triage and Treatment

TRIAGE LEADER CHECKLIST

RESPONSIBILITIES:

Direct and coordinate the evaluation, prioritizing, and tagging of casualties. TRIAGE will coordinate litter bearers to facilitate patient movements.

DUTY CHECKLIST:

- Obtain needed equipment (triage belt, clipboard, vest).
- Don Identification vest
- Identify triage member(s) and implement triage process.
- Estimate number of casualties if possible categories and report to Medical Group.
- Consult with Medical Group Supervisor on location of funnel point.
- Determine where casualties will be numbered, and facilitate numbering.
- Acquire medical supplies for transporting patients to treatment area.
- Identify and brief the Litter Bearers on job assignments.
- Coordinate with Treatment Leader to assure that patients are being delivered to the correct treatment area.
- Maintain safety and security of the triage area.
- Keep Medical Group Supervisor informed of your status.
- Report to Medical Group Supervisor for reassignment when triage is completed.

TREATMENT LEADER CHECKLIST

RESPONSIBILITIES:

Direct and coordinate treatment of patients in treatment area.

DUTY CHECKLIST:

- [] Don Identification vest
- [] Obtain needed supplies.
- [] Obtain estimate of the number of casualties.
- [] Consult with Medical Group Supervisor to determine locations of treatment area.
- [] Set up treatment area into 3 sections; red, green, and yellow.
- [] Using the treatment tracking form, record all patients entering the treatment area.
- [] Assure that all patients in treatment area are properly numbered.
- [] Assign incoming personnel to specific treatment section.
- [] Assure that appropriate medical care is being delivered.
- [] Request medical supplies or personnel needs through Medical Group Supervisor.
- [] Record patients on Treatment Tracking Form.
- [] Identify, as needed, leaders in each treatment section.

TRANSPORTATION LEADER CHECKLIST

RESPONSIBILITIES:

Direct, coordinate and record the transportation of all patients to medical facilities. Transport will maintain radio communication with the MGS for patient distribution to receiving hospitals.

DUTY CHECKLIST:

- Don Identification vest.
- Obtain needed equipment (transportation tracking form, vest).
- Obtain estimate of the number of casualties.
- Identify a safe, efficient loading area adjacent to the treatment area. Secure access and egress routes and inform staging.
- Determine that an appropriate number of transport vehicles have been called to the incident.
- Additional equipment is requested through MED GROUP.
- Consult with Treatment Leader to determine when and what patients are ready for transport.
- Identify and brief Litter Bearers as necessary.
- Initiate communications with Hospital Control for patient distribution. Communications should be maintained as needed for expeditious patient transfer.
- Using the transportation tracking form, document patient destinations and transporting agencies.
- Maintain security and safety in patient loading area.
- Collect ambulance supplies and equipment as needed.
- Coordinate with Staging Area Manager for apparatus and personnel needs.

STAGING AREA MANAGER CHECKLIST

DUTY CHECKLIST:

- [] Don Identification vest
- [] Obtain estimate of the number of casualties.
- [] Consult with Transportation Leader to coordinate loading area.
- [] Designate a number for the arriving apparatus
- [] Document the apparatus designator
- [] Document the type of apparatus (transport, engine, rescue, etc)
- [] Document the number of personnel assigned to that apparatus
- [] Document the arrival and departure time of each apparatus (each time it arrives)
- [] Coordinate with the Transportation Leader for apparatus needs
