

D. Ravelle Reed II, AIA, Architect

Ravelle is a graduate of the University of Louisiana at Lafayette and joined Moss Architects, Inc. in September of 2012. He has a distinctive awareness for design in the Gulf Coast, in both the rural and urban setting, all the while being attentive to the cultural and architectural vernacular. In addition to being concerned with the unique environmental conditions of South Louisiana, Ravelle has a keen interest in urban revitalization and planning. His Master's Thesis was entitled "Contextual Catalyst: Initial Strategy Toward the Urban Re-Development of Downtown Lake Charles, Louisiana" (a hotel/mixed-use design development).
