REVIEWS FROM OUR CLIENTS (EXCERPTS)

"I started my Hifi journey almost 15yrs back. From a simple entry level set to a full range system, the journey has been fun and as with audiophiles, we upgrade lots along the journey. I spent 180k. But since, the day I met Mervyn the owner of tritone some years back, spending reduced and performance went up by folds! Had I known him earlier, I could save 1/2 my spending to get what I wanted...tritone posses the knowledge in setting up a system will "wow" with unparalleled price/performance ratios!"

- Loke Chuan

"During the whole process of buying our first home to renovations, Joseph and I have had to engage services and help from many people. Without a doubt, tritone has provided one of the most exceptional service and experience. Many thanks to Mervyn, Melodie and Bryan! The three of them worked tirelessly till past 10pm to set up our sound system and wifi. They are dedicated, attentive to details and committed to giving the best they can - no matter how big or small the job. I will not hesitate to recommend them to friends and family! Thank you tritone!"

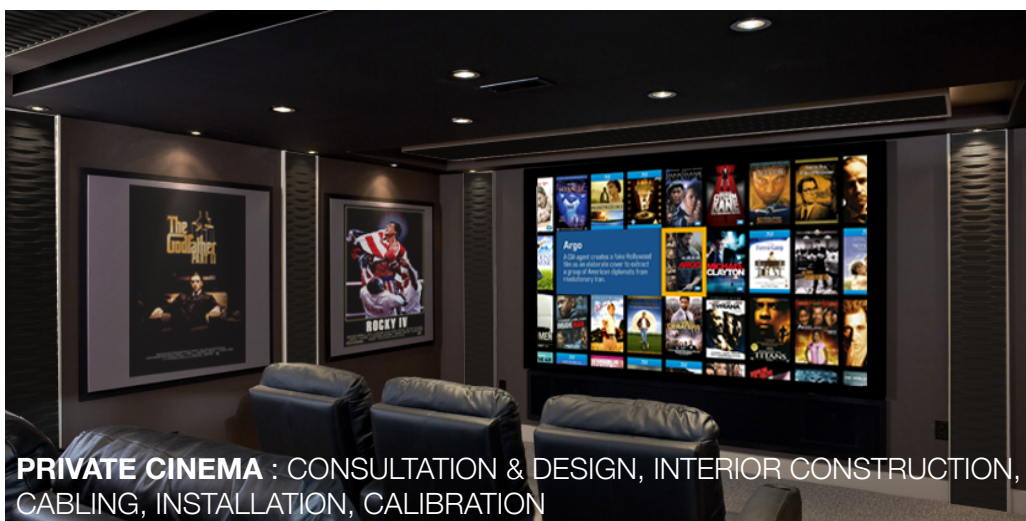

- Dr Liew

"I highly recommend tritone to everyone! They are very knowledgeable in what they do... all of them are musicians and they totally understand what a Musician (I am a Musician myself) wants! Service was TOP notch! ... Installation was smooth and neat.. they make my tv console area so neat and tidy! The speakers are amazing! Highly satisfying listening experience. I can listen to them all day without getting tired! If you are buying or changing speakers do not hesitate to drop by their cosy showroom and experience their awesome speakers."

- Yin Xuan
