

CIO Dynamics Services

CIO Dynamics Office in the Cloud integrates more than two dozen essential IT services.

All our services include 24/7 account and technical support for clients, onboarding assistance from our team of experts, a 99.999% SLA, and more.

Hosted Exchange

Hosted Exchange delivers essential productivity tools powered by the world's largest independent hosted Exchange provider.

Business-grade email, shared calendars and shared contacts • Cross-device syncing
• Spam and virus protection from McAfee • Free migration performed by our Cloud Concierge team

Hosted PBX

A cloud-based phone system that helps SMBs communicate better while dramatically streamlining management and scalability.

Fortune 500-style calling features • 50% savings on capital, maintenance and long-distance calls • No FCC taxation headaches • Forms the cornerstone of our UCaaS solution (recognized as a visionary by Gartner)

SIP Trunking

Save money and improve reliability by routing calls over the Internet—instead of through the phone company.

Cuts phone costs up to 50% • Increases phone system reliability • Customers can keep their existing phone system and numbers • Assures crystal-clear voice quality • Easy-to-use web-based administration

ShareSync

An integrated file sync and share service that offers simplicity and mobility without risking control or protection.

Sync files across every device • Collaborate inside and outside of the company
• Mobile ready • Powerful control over access • At-rest and in-transit encryption

ConnectID

Single Sign-On to centralize access for ALL your employees web apps—enhancing security and improving productivity.

Works with ANY web app • Add 2-factor authentication to any app • Easily enforce strong password policies • Improve productivity with one-click, one-password access to all apps

Other integrated CIO Dynamics services available:

SharePoint • Lync • Email Archiving • Encrypted Email • Cloud Server • PC Backup • McAfee DLP and Email Continuity • Conference Calling • Toll-Free Numbers • Fax via Internet • And much more.
