

THE EQUINOX ECLIPSE

THE COMING WIZARD OF OZ IN THE LAND OF THOR

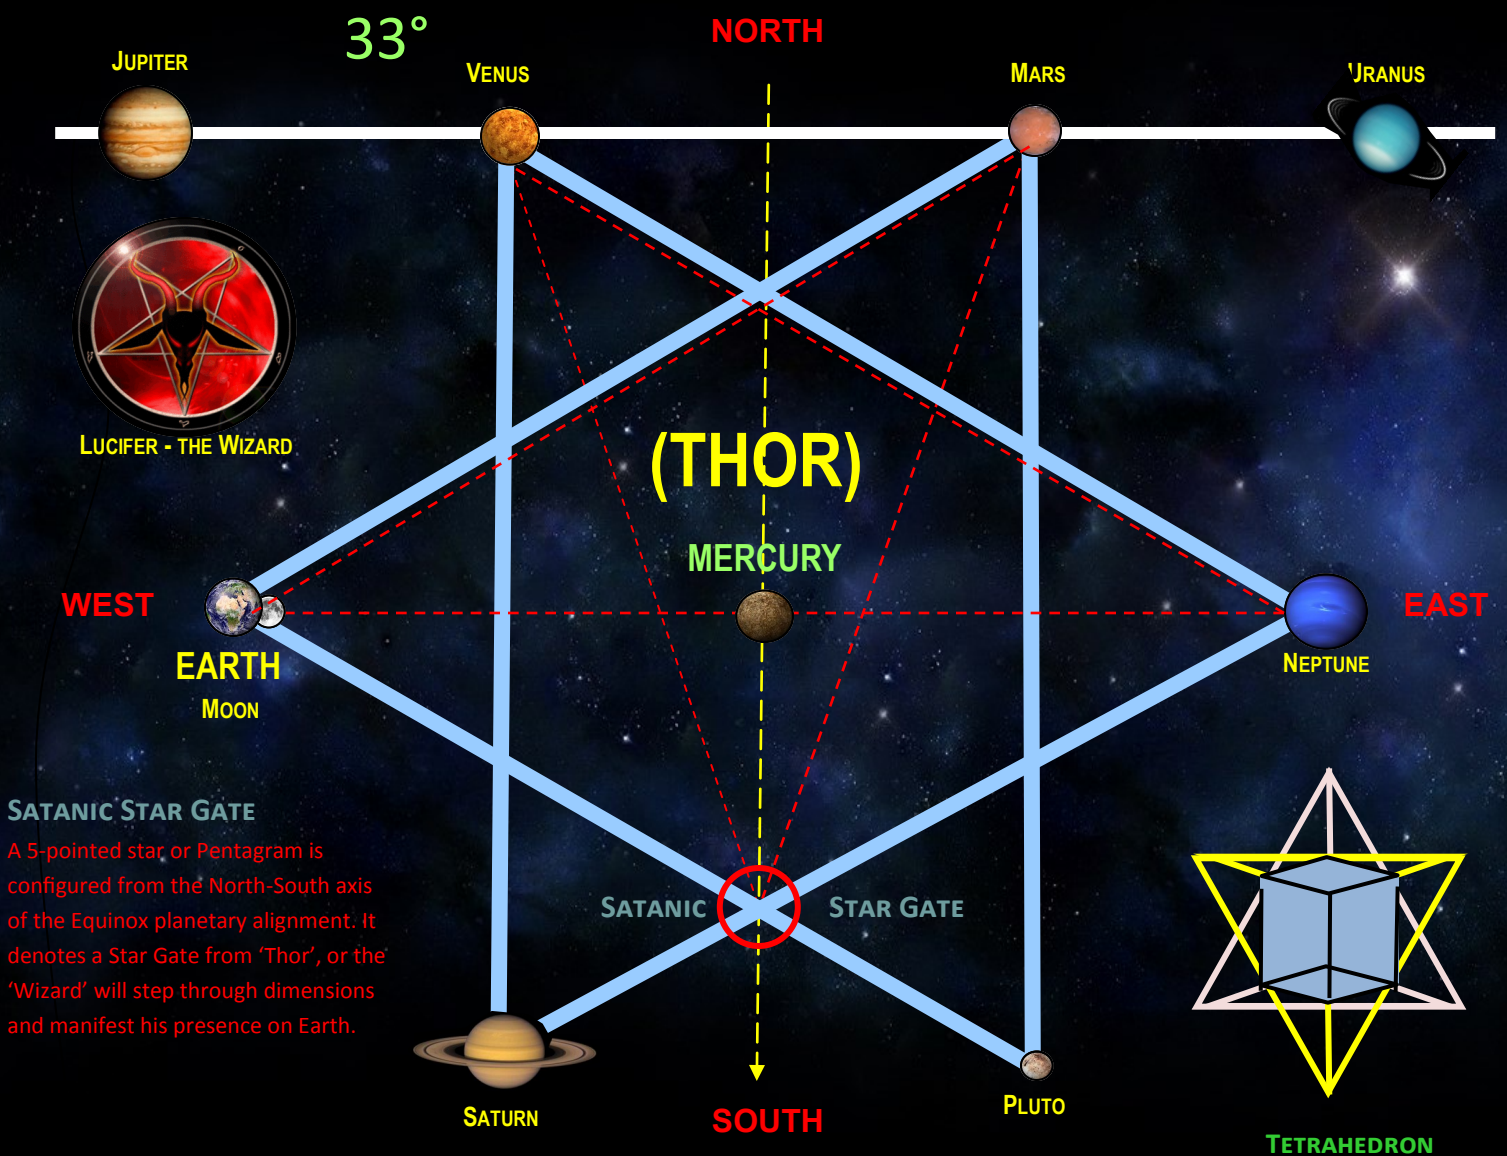

It will also be in-between the 2 pairs of planetary alignments in Pisces and Aquarius. The illustration will show that the planets in the solar system will depict a hexagram with Mercury at its core. Thor is equated to be Mercury. Mercury would thus serve as the fulcrum being the key in its celestial position and prominence.

What is peculiar about all these planetary alignments is that a celestial hexagram or 'Star of David' or of Rem'-pha is configured. This in turn construes a *tetrahedron*. What these celestial alignments could possibly infer is that there will be a portal for Mercury to come forth from, that is Thor or the Wizard. In sorcery, a *hex* is an evil spells cast upon others or configured to be a place where inter-dimensional crossing-over from the spirit world can or will occur. To the sorcerers or Wizards, the hexagram is a powerful tool to invoke the presence of Lucifer and demonic spirits. Will a celestial portal open up at this time and place that will see the Satanic powers of evil cross over? Perhaps this very Prince Thor, this very Wizard will come on the scene on Earth that is expected at this time or thereafter.

SATANIC STAR GATE

A 5-pointed star or Pentagram is configured from the North-South axis of the Equinox planetary alignment. It denotes a Star Gate from 'Thor', or the 'Wizard' will step through dimensions and manifest his presence on Earth.

COAT OF ARMS

The coat of arms of Iceland nearly configures the celestial coordinates of the Zodiac which in turn mirror the 4-Living Creatures that guard the very Throne Room of YHWH in Heaven.
