

**Ordinance No 2014-2**

**An Ordinance to Enact Ordinance 2013-1 To Loan monies from the Town General Fund to the Town Waste Water Fund**

**Whereas:** at a point in the past a transfer was made by a paid town professional consultant between funds that was incorrectly done and incorrectly documented. That transaction involved a \$100,000 dollar transfer from General Fund to Wastewater, and;

**Whereas,** upon discover of the error the original advice from professionals indicated that an Ordinance should be passed retroactively documenting that transaction, and;

**Whereas,** more current advice for the town is that an Ordinance was not needed in as much as the transfer was an error and has been corrected.

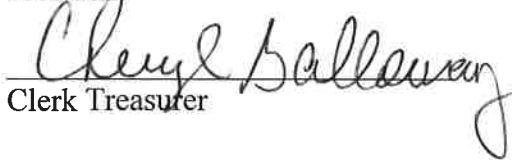

**Whereas,** for the purposes of future reference the recitations here are intended to document the fact that the error was made and corrected;

**THEREFORE, BE IT** enacted that Ordinance 2013-1 is hereby repealed and made null and void.
