

Additional Notes for IIPS Meeting – 04/08/11

- Email
- All LL lists need to be completed by April 15 for the individual schools
 - There are 3 schools going to moving to alternate email services (Mayland, Stanley, South Piedmont)
 - there will be no shared address book
 - colleges should maintain contact information on their college website
 - there was some concern about putting email addresses in the contact list because of SPAM
 - someone suggested creating discussion groups
- Generic UI 2.x
- need to make it more secure and we should have a separate generic login for each environment
- E-Commerce 4.0 or 4.1
- Should be a Business Office decision
 - E-commerce 4.1 should be to the schools by Sept/Oct timeframe
 - Patches will be password protected so they are not downloaded by mistake
 - Recommended that we install 4.0 in test to make sure connections work because 4.0 needs to be installed before the 4.1 updates
 - Suntrust has been contacting schools about PCI compliance
- UI 4.2
- UI 4.1 end of life is 9/17/11
 - UI 4.2 end of life October
 - UI 4.3 will be released from Datatel in August 2011
 - Datatel has announced they will be releasing a patch to remove menu items from UI 2.3
 - All help screens run through web advisor, so you need to have a different environment for WA for production, test, and development
- ODS
- SO is reviewing licensing issues for ODS
- CCL
- Projected date for Phase 3B is Fall 2012 – this means when the curriculum development team will have to enter POS
 - Captive Co-Op for CE is 85% complete and will be done this summer
- Training
- Videos for UI 4.2 are on the Datatel Website. SO suggested that we give our power users a login on the Datatel site, (not for answernet) but to access these training videos and have access to the user forums.
 - There is a Colleague administrator Training being added to the training schedule soon. Emailed Annette Busby, but they have not released the date yet

MOX	<ul style="list-style-type: none"> - there are licensing issues right now that the SO is reviewing. They are looking into getting it for the schools, but there is not projected date -You do not need sharepoint for MOX –limited services, however, that only gives the user the ability to use it for maps and addresses, not messaging
ICR Reporting	<ul style="list-style-type: none"> - they are looking at changing the FTE funding, but have not changed it in IS yet
Web Advisor Budgets	<ul style="list-style-type: none"> -the GL security patch broke the Web Advisor budget screen
Budget	<ul style="list-style-type: none"> -SO projects there might be a 5% cut on networking cost which shouldn't affect us much because of the MCNC discount
MCNC	<ul style="list-style-type: none"> - make sure to check all network charges to see if we are not paying for services we shouldn't be paying for
IE 9.0	<ul style="list-style-type: none"> -Datatel has not certified IE 9.0 with UI 4.2
Random Notes:	<ul style="list-style-type: none"> -There was a presentation on how to go about installing Software updates -IIPS summer conference will be July 25-27th -Chuck Hauser did a presentation on securing the generic login- he will send the powerpoint
