- Friend
- Other

I am Pledging my Support and sending in my tax-deductible donation payable to EDSers United for the development of the Wellness Institute for Rare Conditions. I want my voice to be heard. There is an unmet need that this Center will help fill within the rare disease community. Rare disease patients need a center of excellence that can coordinate health care from professionals with experience in diagnosing, treating and managing rare genetic conditions. The medical aphorism, "When you hear hoofbeats, think horses not zebras," will not be applicable at this center. Rare diseases will not be invisible to the WIRC team of health care professionals. This Center will provide knowledgeable, experienced health care providers to truly meet the needs of the rare disease community, in an efficient and coordinated manner. This will improve so many patient's overall health and quality of life.

I understand that EDSers United is a nonprofit public charity incorporated within the state of New Jersey and that my donation is tax-deductible.
